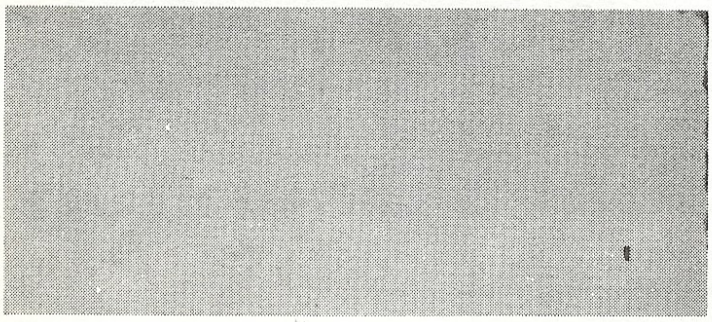
OUR PRESENCE



The ultimate question anyone may ask of us is what possible future can we - as open Nazis - expect in influencing or governing the affairs of the United States. Doesn't it seem a little far fetched? The odds are so heavily against us. For those merely inquisitive about the movement, any one of the old stock-and-trade answers from the propaganda grab bag will do. But for those of us who are part of the movement it must be understood completely.

Can a Nazi with armband, brownshirt and boots ever be expected to win even a local election? Yes. It has almost happened several times across the country in recent years and one day it will happen. But we have yet to see what the System's reaction to it will be (though we may guess.) Can the movement expect to successfully undertake the awesome task of "brainwashing" the American people after generations of Jewish and Liberal "brain-dirtying" by their controlled media? Yes again. But for the present only on a scale so small as to be limited to those uncommitted persons already leaning in our direction. Can the movement attack the System with violence and terror and thus alter our national headlong descent into hell? Someday. But not today. If the country were handed over to us today on a silver platter, could we form a national government? No way in hell.

So much for our options. What exactly do we have going for us right now that justifies the existence of the movement standing forth AS the movement and not under any disguise? First, the United States is still overwhelmingly White. Second, most Whites are fundamentally in sympathy with our most basic ideas. Third, our opponents are the lowest scum on the face of the earth.

ALONE

What we are counting on are the first two considerations: Enough healthy Whites to fight a general race war with enough among these capable to fill out the Nazi ranks to enable us to gain power and hold it. At the moment, a lot is still riding on the last consideration: The nature of the enemy.

The Jews and their collaborators have been enjoying unheard of successes for the first three-fourths of this century because the battle has been a one-sided one. The great masses of Whites have never been mobilized to combat the Jews and their Negroid robots. We have been fighting one hell of a holding action single handedly and have been doing a commendable job of it. The Big White Giant has only partially stirred in one place: Germany. And you know what a mess the Jews had on their hands for awhile.

We are not crazy enough to underestimate the savagery of a swarming army of black, nigger animals thirsting for our blood. We are aware of the five-thousand-year-old war against our Race waged by the Jews. But we cannot afford to overestimate them either. Any White Man who is a MAN and who knows niggers knows how to handle them. Any White Man with his wits about him is more than a match for any Jew. But it takes MEN who are CONSCIOUS and PROUD of being WHITE. Those who don't know themselves can't possibly know their enemies and can't know that the enemy acts, when massed, more individualistically than the average singular nigger or Jew.

Sometimes we get the feeling we are working alone. We are not, really. The enemy is a worrier. He worries about things which are not but which are to come. We have the enemy off balance, fooled, guessing wrongly. He imagines White Americans already with us. He imagines the Right Wing already united behind us. We know they will come - are coming - but it will never be total. Now and in the future EFFECT is the key. Only the Swastika and those "crazy" enough to wear it possess the kind of effect needed to cut though all the endless uncertainties and shades of gray.

Rockwell told us twenty years ago that the enemy was at high tide. Today we see it. He has lost his passion, direction and momentum. They have peaked out because SOMEONE has stood in their path with GREATER fanaticism than theirs. That's us.

Now their own rotten weight is beginning to bring them down in confusion. Rockwell told us then but we could hardly believe it. No action o ours caused this. Just our presence. And no action on our part will cause the final collapse of this Jew empire. It will happen inevitably. But without us, without our presence, none of it would make sense. There would be no purpose and no end to the chaos and destruction to come This is not the faith of the fanatic. It is logic.

Hitler's presence derailed their Master Plan for absolute, permanent world domination The presence of Rockwell and us, his followers has caused them to misjudge and to react with alternating rashness and timidity when firm, positive decision was called for.

In the crucial meantime - while their "almost victory" went unconsummated, the awareness of the rest of the White Race has risen to the danger point.

The answer to the question of what chance do we have is this: We are our own chance. More than that, we are everybody's chance. W are the only chance and that exists through our presence alone.

Prison officials said guards heard scuffling on the tier and then saw blacks and whites, armed with clubs and knives, in a savage clash.

Prison spokesman Mike Luxford said "this action was apparently in retaliation for the earlier killing."

He said the attacks apparently were touched off when a group of white convicts who call themselves American National Socialists "made a move against the Black Muslims, who were superior in arms and numbers."

Two of the four convicts hospitalized were white and two black.

Captain was stabbed during a fight in the prison's east block and died of wounds in the prison hospital several hours later.

Two white men died of multiple stab wounds. They were Jerry L. Whelchel, 32, and Jimmy Glenn, 23.

Whelchel was convicted in Santa Cruz County of possessing dangerous drugs and had a prior conviction of first degree robbery with the use of a firearm.

Until a few months ago, he was editor of the San Quentin News, the prison newspaper.

Glenn, who arrived at Quentin in October 1973, was convicted in Stanislaus County of first degree murder. Prison officials said he was a self-styled Nazi.

Glenn was thrown from a third-story cell tier after he had been stabbed, according to prison officials.

The Inside Story

WHAT REALLY HAPPENED

by Larry Maier

I would really and sincerely like to write a proper tribute to both Jerry Whelchel and Jimmy Glenn but I know that the story would never be allowed out of here by the censors. Whenever I think of it my mind burns with rage and my words would be composed of and filled with fire. Not only towards the niggers but also towards those who allowed and possibly conspired for the deaths of my close comrades and brothers.

What lends evidence that there was a conspiracy is the fact that at the time of the deaths of Jerry and Jimmy, San Quentin was on a lockdown status and no one was supposed to be out of their cells running around on the tiers. But all of a sudden fifteen niggers appeared on the tier in front of Jerry's cell brandishing clubs and knives! It "so happened" there was no gunrail guard on the scene at that moment and the tier unlock bar just "happened" to

San Quentin was under a general lockdown today with all visiting privileges canceled after an outbreak of racial violence that left three convicts dead an injured, one seriously.

The fighting led State Director of Corre Jerry Enomoto to send a team to the prison to "conflict resolution" at the request of Warden G W. Sumner.

Enomoto and Sumner also discussed emer plans to cool the situation, including moving inmates around in the prison and others to o institutions.

3 Killed in New Violence At Quentin

By George Snyder

New racial violence in San Quentin prison yesterday left three inmates dead from stab wounds and four others wounded.

Prison officials said that a black inmate was stabbed fatally early yesterday in the east block and two whites were killed last evening during a brawl in the prison's west housing unit—the honor section.

Identities of the white victims were not released. The black was identified as Charles Jack Captain, 31, of San Francisco, who was serving a term for assault with a

be pulled open at that time!

Jerry still had a padlock on his cell door as he always took precautions against entry while he was sleeping. But showing that it was a premeditated murder, the niggers had a steel bar with them to pry the lock off.

Cowardly niggers pick their shots well as Jerry had only been released from the hospital days earlier after an extensive knee operation and was sleeping under the influence of prescribed medication. They rushed in on Jerry and viciously attacked him with clubs and knives. He didn't have a chance in a million to defend himself properly as he would have under normal conditions.

Jimmy heard the commotion from his bunk five cells away and ran out to protect his comrade and brother eventhough he himself faced about nine niggers alone. He did not hesitate one second to jump into the middle of them with a knife in one hand and a chain in the other!

According to reports afterward, Jimmy was stabbed twenty-eight times and still was fighting. Seeing that they hadn't stabbed or beaten him to death, the niggers threw Jimmy off the tier to the concrete three flights below.

When the guards finally did come, Jerry lay dead in his cell, Jimmy was gasping his last breaths and, up on the tier, one more comrade now battling the niggers armed with a five-inch pair of scissors - and his White Pride - was locked in combat with blood running from his mouth from a lung wound.

Blood was running freely on the tier and the niggers were screaming for a doctor. When they did make it to the hospital they were greeted by the sight of the body of a dead nigger lying on a wheeled stretcher covered by a sheet. It was the body of a BGF who had had his heart cut out. It served as a message of things to come!

Jerry and Jimmy were Warriors for their Race and Nation. They were proud and dedicated members of the American National Socialist Brotherhood. Their hatred for the Marxist-Zionist Jew was only equaled by their hatred for the Jew's nigger soldiers! They followed no rules when fighting these enemies. They were aware that in war there are no rules. Their uniform was the skin of their White, Aryan Race and they fought under the banner of the Swastika.

They followed Adolf Hitler, George Lincoln Rockwell and Joseph Tommasi as the heart, blood and soul of our movement. They stood tall with White Pride. They did not die soft deaths in a comfortable home surrounded by their families. They died in battle fighting for their Race in a stinking hell hole swarming with degenerate niggers.

Vengeance is not the Lord's. It is the right of those strong enough to take it! The niggers of San Quentin will feel the vengeance of the American National Socialist Brotherhood just as the Jews will feel the vengeance of the entire White Race.

The UNPUBLISHED HITLER

Among the basic tools and trademarks of National Socialism are the Swastika, the Eagle, the Iron Cross, the Uniform, etc. But high atop all of these and the force without which the rest would be meaningless is Hitler himself. The Führer.

Called by his enemies "Great", "Genius", latest in a line descended from Alexander, Caesar and Napoleon, "the Last of the Adventurer-Conquerers", etc. George Lincoln Rockwell referred to Hitler as "the greatest mind in two thousand years" with implication toward Hitler's spiritual and philosophical impact as compared to that of Jesus of Nazareth.

"The Greatest German in History", "The Savior of Germany", "The Greatest European", "The Greatest White Man", "The Savior of the White Race".

Easily qualified as The Man of the Century and in the hearts and minds of all National Socialists, his followers, certainly The Greatest Man of All History.

Why and how so many grand terms of description? Very simply Hitler achieved it all in his lifetime. From the bottom to the top and to both extremes at either side. The most electrifying thing of all is that this character read about in so many books ACTUALLY LIVED! He walked this earth a scant generation ago and is remembered by many living today.

On the cover of this issue of the National Socialist is a face of the Führer in the spirit that called us into his service. Not the saint or the philosopher, not the reformer or the statesman... but the LEADER.

The photographs contained in this feature have been selected from a different period than the War years as the cover. The clock is turned back almost ten years to about 1934. Hitler is Leader of a dreadfully weakened and demoralized Germany, far from the most powerful man or nation in the world or even in Europe at the time.

But there is no weakness in this face. Only unbounded strength and confidence. That same vigor was even then radiating onto the nation around him, reviving and uplifting it as though by magic. Greater things were to come. The most destructive war of extermination was to come. Yet Hitler is celebrated more and more with each passing year today. This is the power of the Most Powerful Man on Earth.

At the very outset of Hitler's political career in 1919 he addressed his followers with the words, "Men do not go to ruin through lost wars." He might very well have been speaking of himself.

Hitler is stronger today than ever before and his strength increases. Hitler is here now in these pages as you haven't seen him before. Early stages in an unending career.

THREE JEWS & THE MOVEMENT

from the Research Files of the National Socialist Movement

It has been said that the hatred between Nazis and Jews shall bind them together in a grisly and unholy enmity throughout eternity (or until one has succeeded in eradicating the other.) But these words were spoken in observation of the world-wide and historical plane. These were the words of a Jew describing the nature of the relationship between, as Hitler said, the world's greatest counterparts. But what of the cross-overs? It is here where we begin to tread on dark and fetid soil.

For if, as the Jews never tire in claiming, the Nazis are as a whole utterly sick and depraved, with what means of accurate measure may we be able to gauge the depth of the sickness and perversity of racial Jews - born and bred - which cross the boundary from their own private world and enter into a region from which there can be no return? The world of the Nazis.

These wretched outcastes represent the single most horrific example of inner-conflict and self-hate. They are the ultimate in human contradiction. This segment is truly a freak sideshow for the morbidly curious. You will need a strong stomach.

This story is the first of its kind. The three most prominent Jews ever uncovered in the American Nazi Party are presented here together for the first time. The purpose of this feature is not to biograph these miserable souls. It is certainly not to attack or downgrade them further. It is to draw three parallels among three Jewish Nazis.

Among them they share three things in common: One, far from being provocateurs, spies or infiltrators, these poor devils were utterly sincere and dedicated to the Nazi cause; Two, the depth of their dementia did not impair their ability to elucidate for, as we shall see, each was able to gain a rank of significance in the movement; Finally, in the end, each risked and two actually did cause - in spite of all their applied dedication and talent - their Jewish past, which never stopped haunting them, being brought to light by a hostile press resulting in heaps of journalistic slop to be heaved onto the movement they had pledged to protect and advance.

Why should we print something so obviously

A PLEA TO THE JEWS

FROM A JEWISH NAZI

During almost four years of battling treason, lies, smears and terrorism as an open Nazi, I have met quite a few Jews who claimed to be "with us". But most of them have not "checked out", or were obvious lunatics, like the young Jew from the midwest who sends us 50¢ almost every day along with wild and wooly messages such as "Gas ALL the devils!", etc.

About a year ago, however, I was approached by a young Jewish boy from right here in Arlington. He said he had attended several meetings of Jewish "defense" groups to discuss "getting rid" of me, and he was disgusted with the hysterical hate and the hypocritical lies and smears proposed as the method. When they dicussed the use of violence, the very thing they accuse us of, he gave me some copies of the secret reports they were putting out to each other.

I began to like and trust this kid, and he spent many hours with me and other members of the Party in the most cordial and sincere discussion of the problems both we and his people were trying to solve in opposite ways. He realized that we do NOT want to "kill all the Jews" or even to fight them, but that we are only determined not to permit any more communist and zionist treason to our Country, nor any more Jewish race-mixing agitation. I realized that he was 100% sincere, and that he had the unquestionable genius to see that it just MIGHT be possible to avoid what happened in Germany, Italy, Spain and every other Country which has finally thrown off Jew-Bolshevism and "equality" conspiracies, if we could REACH THE JEWISH PEOPLE with the truth, instead of allowing the Jewish leaders to keep them so scared of us and "right-wing-extremism" that they never realized what these false "leaders" were bringing on the heads of many innocent Jews.

One day he presented me with the manuscript I have printed here, --just as he typed it himself, errors and all. I believe it is one of the most historical documents in the history of mankind, -the very FIRST time a Jew has gained the scientific and detached INSIGHT into WHY the Jewish people, unlike all other "persecuted" minorities like the Irish, Greeks, Swedes, etc, -who have overcome the prejudices against them, -have made almost a religion and a profession out of being "persecuted". He wanted me to do all I could to reach the Jewish people with it, to do what he could to stop the "whirlwind" which he and I, -and millions of other Americans know, -is ahead for the Jews if they do not stop PUSHING with their Communism, Zionism and race-mixing.

From the bottom of my heart, I hope that it will help.

Lincoln Rockwell

Lincoln Rockwell, Commander,
American Nazi Party

distasteful to National Socialists as a roster of Jews that have crept up into the ranks of the movement? The precedent was set many years ago by George Lincoln Rockwell himself with the release of a pamphlet entitled, "A Plea to the Jews from a Jewish Nazi". This eight-page tract was published by the American Nazi Party prior to the exposure of the first of the three Jews we study here. The document appears to be perfectly genuine and, most probably, the secret of its author's identity was carried by Rockwell with him to the grave. Note however that it was Rockwell's hope and intention that such a thing might help the movement in some way.

The names of the three Jews that makeup this story are Leonard Holstein, Daniel Sonnstein (alias Dan Burros), and Frank Cohn (alias Frank Collin). Until very recently Dan Burros was by far the most well-known of these three but has been replaced in renown through the massive media exposures of Frank Collin in the past year. Leonard Holstein was and remains very scantily documented in his coming and going and no sensational smear seems to have ever been raised regarding him.

Concerning awareness within the movement of the presence of any of these Jews, it was Holstein that first came to light. It was common knowledge within the A.N.P. ranks that Lt. Holstein, of the Western Division of the Party, based at Los Angeles, was, as Rockwell referred to him, "a good Jew-boy". So goes the myth of prejudiced Nazis. Holstein was a fighter and an organizer. (And the woefully deficient state of qualified A.N.P. personnel at the time too did much to preclude a formal ouster by Rockwell.) What eventually became of Holstein, what

Throughout its four-thousand year span, the history of the Jewish people has run a dismal cycle paralleling the history of the world; affecting it, interacting with it, but curiously unchanged and undamaged in the process. Almost every event since the decay of Egypt has had as a consequence the acceptance and the success of the Jewish people, and then the banishment or the near destruction of them. This cycle gives a martyrish, emotional unity to the Jews, which gains new momentum at the bloody apogee of each revolution, but why is this the case? Is the purpose of humanity serveg by the Jews' endless march to the gallows? This writing is intended to show that that present-day manifestations of that same insensate, emotional force is now leading s segment of humanity to a futile, humiliating, useless end; unless new understanding and self evaluation can prevent it.

The study of history can be deceiving, if sought for insight into the modern Jewish psychology. The Egyptians, Babylonians, Persians, Romans, Macedonians and others only began a superficial pattern by destroying temples and allowing the Jews to rebuild them. In the middle ages, Jews took the path of least resistance in taking up money lending, as canonical law prevented Christians from doing so. Naturally, the Jews were disliked for this as well as for differing from the church.

But the wall separating the Jews is not a ghetto wall built by hateful gentiles. It is a greater wall than that could ever be; it is self regenerating misunderstanding and, therefore, divergance that effects the separation. It has been said that the forceable separation of the Jews caused the characteristic differences in the mode of dress, tradition of occupation, language, and general hauteur that has so long been the characterization of a Jew. But these so-called effects of discrimination are the only possible reason for animosity to be directed toward them in the first place. The situation had ~~small~~ obscure beginnings, and the gulf has since widened as each reacted more strongly to the differences it found in the other.

The social reforms of the last three centuries offered the Jews new opportunities for liberty and equality, but tradition and revolutionary extremism together forged bizarre new expressions of the old unity. The tolerance for Jewish reformers in an age of reform carried over to Jewish capitalists who financed reformsand escaped being the objects of them. In Russia, conditions under the Czar forced the Jews into forefront of Marxism, ~~the invention of just such an individual as~~ and the fact that Jewish reformers, Marxists, liberals, and capitalists all had a transcending identity [illegible] Judiasm into becoming a factotem of the left.

An underlying aspect of the ancient cohesion of the Jews is the " God's chosen [illegible]ple" concept. This is quite subtle, and escapes the notice of most gentiles; but it is an important factor none the less. The teaching that one is God's chosen person, who will have a place in the hereafter denied his gentile oppressor, makes the Jew the superior of the separated. This causes Jews from unconducive circumastance excel in practical endeavors. As a "chosen person," he feels it is no more than expected of him.

But that is only the first part. This paranoidal "chosenness" as well as valid consciousness of history, makes the Jew acutely vigilant for anything which he can interpert and bemoan as anti-semitism.

Such organizations as the Anti-Defamation League of B'nai Brith, the American Jewish Committee, and others were founded for the perfectly reasonable purpose of dealing with difficulties experienced by Jews in various situations. Today, they

precipitated his departure from the movement is obscure and unknown. He appears to have parted company having inflicted no damage or disgrace on the movement and we may rest the case of Jewish A.N.P. Lt. Leonard Holstein there.

While no longer the most famous of these three Jews, Dan Burro's case will always remain the most classic. Not only born a racial Jew but raised in the Orthodox Jewish religion, Dan Burros, with all his many colorful peculiarities and his sudden, dramatic demise, as chronicled in the book "One More Victim", deserves top billing in this freak sideshow. Of Burros Commander Rockwell commented after the news of Burro's suicide, "I knew he was a nut but I never thought he was a Jew." Not too surprising actually for Burros had blonde hair and blue eyes.

Burros had risen to the rank of lieutenant in the stormtroopers and had held a succession of titles in the A.N.P. all of which culminated in his being named National Secretary of the American Nazi Party. In 1962, along with John Patler, Burros sneaked out away from the A.N.P. barracks atop Hatemonger Hill in Arlington, went back to his home in New York and started with Patler's help a radical political venture of his own. Eventually he wound up with the Ku Klux Klan and it was while he was an officer in the Klan that his Jewish past was exposed in the news in 1965.

We may have a measure of a kind of respect for Burros in the end for he had the honesty, courage and decency to do away with himself as soon as he had proved to be a liability rather than an asset to the movement.

The case of Frank Collin begins following

the assassination of Rockwell in 1967. Collin had been part of the Arlington staff in that year and part of the next, earning for himself the hatred of the other, Aryan, staff members for his hostile, condescending bearing. Rumors flew fast and furious regarding his non-White features all over Arlington but - due to his commendable performance record - the suspicion that he might be an "Arab" was the strongest that was voiced.

Returning to his home in Chicago in 1968, Collin's Jewish proclivities in 50% of his genetic makeup gained ascendancy over the other 50% White. Having been named Midwestern Coordinator and being authorized to solicit funds for a Party headquarters in Chicago, Collin, upon final purchase of the property, placed it in his own name rather than the organization. Simple fraud. The intention was to create a rival Nazi Party.

Commander Rockwell's former right-hand man, Robert Lloyd, went to the scene and, in a typical confrontation between Jew and Goy, the blonde Nordic Lloyd held a gun to the dark and Semitic head of Collin and demanded the return of the property. White Man's justice? Hardly. Lloyd overlooked the fact - and Collin neglected to inform him - that in the State of Illinois, two witnesses were required for such a transaction to be legal. The mission failed and now there existed a Nazi group headed by a Jew.

The beginning of a highly ambitious but less than meteoric career as another six years were required before Collin was able to gain any acceptance within the movement. With often

HOLLYWOOD, CALIFORNIA 1961 — Protesting the Eichmann kidnapping, Storm Troopers Leonard Holstein and Jeffery Skinner, picketed the Israeli Consulate with signs reading: 'Eichman is the victim of vindictive Jews'. Police took them in for "questioning".

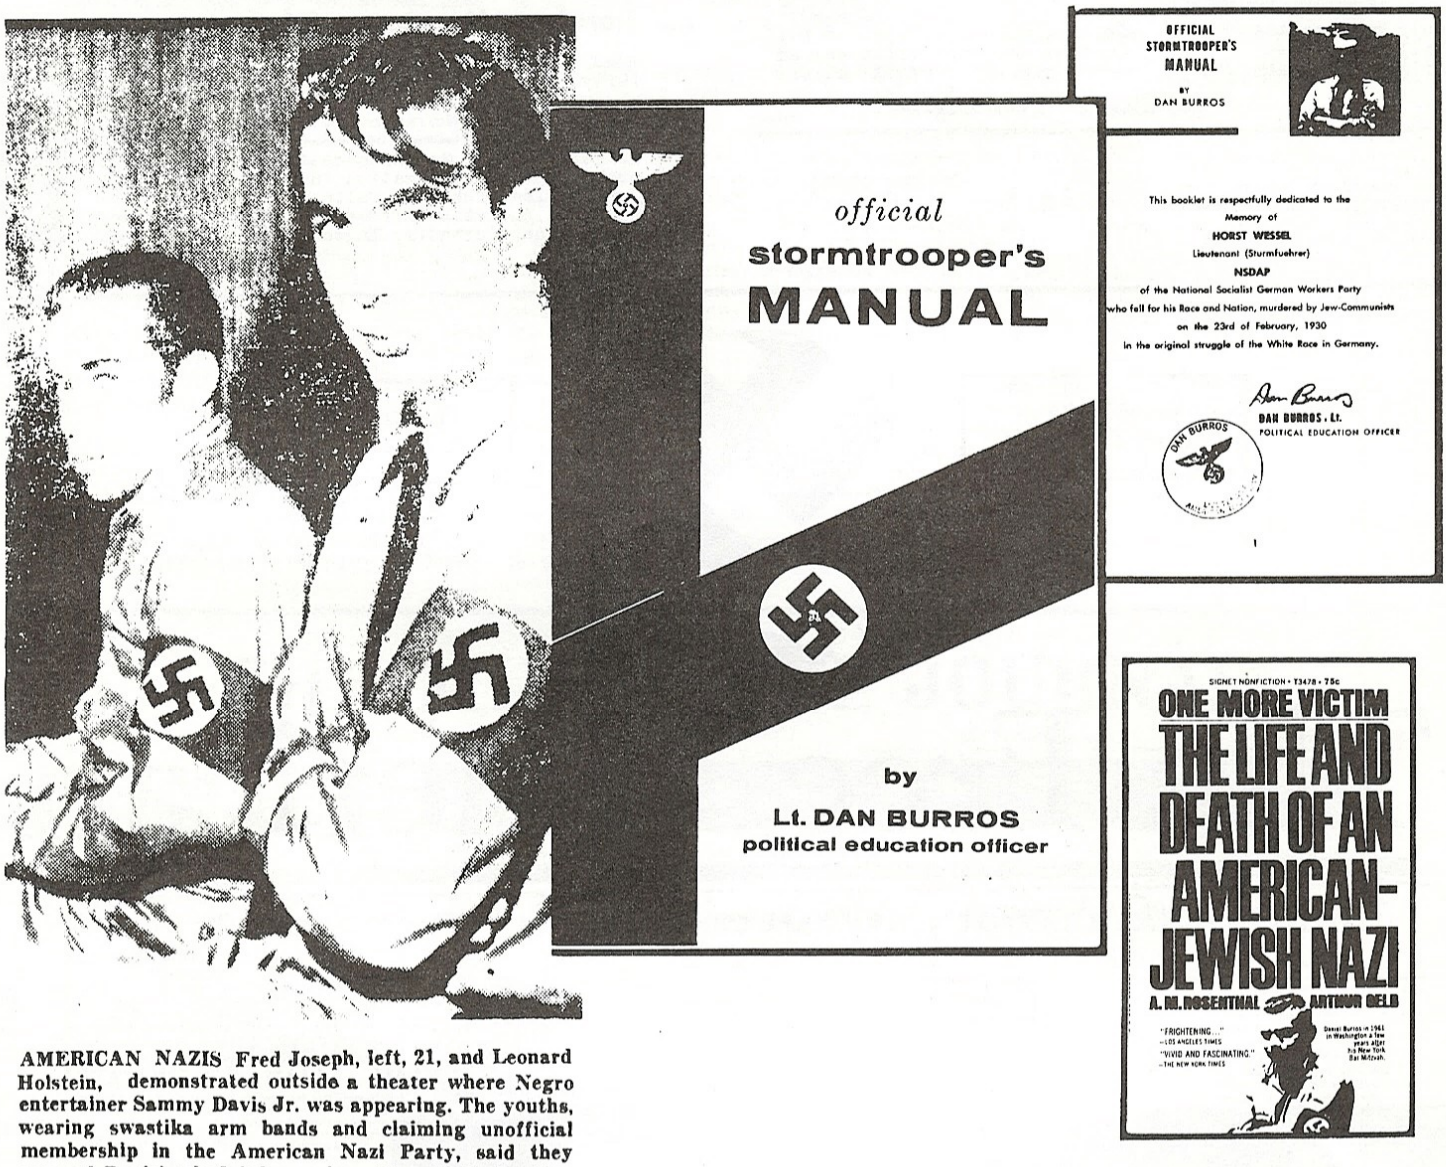
Several days later, Storm Trooper Holstein and his wife, Bonnie, single-handedly fought off a gang of thirty toughs who invaded their Hollywood apartment. The Holsteins were conducting a private meeting with friends when the hoodlums appeared and began to insult and threaten the couple. One of the gang threw an electric iron that narrowly missed Mrs. Holstein. Storm Trooper Holstein then went for his pistol and managed to hold the mob at bay until police arrived.

Last year, Storm Trooper Holstein made headlines when he was attacked in front of a Hollywood theatre while picketing in protest of the Sammy Davis—May Britt interracial marriage.

breathtaking impunity, every principle on which the movement is founded was eventually trod under foot as Collin lunged desperately to swindle smaller, more recent Nazi offshoots into and under his control.

The moral of the story is that there exists an iron law applying to all race-traitors and renegades. A Jew who abandons his racial brethren remains a Jew just the same. But he has been lacking something fundamental from the start that separated him from his fellows. A Jew which attempts to rule in the realm of the White Man may encounter a degree of success when employing the wiles of his ancestors while posing as a "comrade" and he may gain some early ground. To those he claims to serve, he may be a fooler. But to those he betrayed - the Jews themselves - he is in an unenviable position.

The greatest thing Collin managed to achieve led directly and immediately to his downfall. Through what he must surely have imagined to be a coup over his racial community, Collin gained the single largest, continuous piece of sensational news coverage in the history of the movement in the United States. To sweeten the deal, he was named in it dozens of times by the authors as "America's Top Nazi". But the Jew Press giveth and the Jew Press taketh away. They merely allowed Collin to make fools of all those who had been duped into following him. Within thirty days of being proclaimed "America's Top Nazi" by the Jews, he was being proclaimed by the Jews AS a Jew.



AMERICAN NAZIS Fred Joseph, left, 21, and Leonard Holstein, demonstrated outside a theater where Negro entertainer Sammy Davis Jr. was appearing. The youths, wearing swastika arm bands and claiming unofficial membership in the American Nazi Party, said they opposed Davis' scheduled marriage Nov. 13 to Swedish actress May Britt.

The Importance of Killing

By DAN BURROS

The enemies of the white race would emasculate us by having us believe that our sound instincts are some horrible heresy called "racism", and any attempts of the white race to defend itself are called "murder" and "war crimes".

Let us cast aside notions that have been planted in our minds by a thorough system of brainwashing. Away with hypocricies and lies! Let us face the truth!

Man is a killing organism! He must kill to survive. He must kill to advance.

Do these statements shock you? Let us examine the truth. When man first appeared on this earth, he killed initially for his food. He was faced with fearsome natural enemies. He slew these enemies to become the leading animal of the planet. Then civilization began to emerge. Did man stop killing then? No...quite the contrary. The best killer became master of the tribe. Not the wisest, nor necessarily the most strong, but the best killer became master. Other qualities were only important to the extent that it contributed to his killing prowess. The tribe that was most efficient at killing mastered others forming the great civilizations

The Importance of Killing (Continued)

When a killer tribe became soft and forsook killing, they were overwhelmed by more virile killing societies.

The enemies of the white race have been trying to destroy it, by weakening the white man's will to fight, (which of course means to kill). Let us rip aside this veil of lies and hypocrisy.

The white man became master of this planet through killing. His mastery has now been challenged. To this challenge there is but one answer...to become master he had to kill! To survive and remain master, he must kill again. Let us show them who is the natural elite...who is the world's greatest killer!

White man! Unsheath your terrible sword! Slay your enemies...Kill! Kill! Kill!

Now of course we do not advocate any white man go into the street with rifle or knife seeking enemies. At this time, this is a trifle impractical. The white man must organize! Only in unified action is there strength

White men! The American National Party offers you the leadership and organization you need. Join us, and regain your rightful birthright. We will build a mound of corpses of traitors from which you can glimpse the great future. Only through organization and attainment of political power, can the traitors be annihilated on a grand legal scale.

The American National Party will lead the white race to regain its rightful place as nature's elite and master of the world.

FATHER AND SON CONFLICT

Family split: Jew vs. Nazi

CHICAGO (UPI) — Max Collin says he is Jewish. His son, Frank, says his father is a liar.

It is terribly important for Frank Collin to believe his father is a liar.

If Max Collin is telling the truth, Frank Collin would feel compelled to resign his post as midwest co-ordinator of the White People's Socialist Party, formerly known as the American Nazi Party.

But if Max Collin is a liar, he has been deceiving people for no apparent reason for a long time.

Max Collin was born, he says, as Max Simon Cohn in Munich, Germany, in 1913. He was and is, he attests, a Jew. He was imprisoned for three months in 1938 in the infamous Dachau concentration camp, he says, because he was a Jew.

That year, Mr. Collin says, he was released from Dachau and allowed to emigrate to the United States. He came to Chicago and in 1943 married a Catholic named Virginia. In 1946, he changed his name legally to Max Collin.

Not being a particularly religious man, Max Collin had no objections to his wife's wish that their four children be raised Catholic.

Max Collin had become head of a drapery firm by then and he could afford to send his oldest son, Frank, to Southern Illinois University.

Frank was a journalism major for three years. He began to haunt Nazi meetings in Chicago and dropped out of school in 1968 to devote his full energies to the party. His father discovered what he was up to and ordered him out of the house.

"You can imagine how I felt about it," Max Collin said. "There was nothing else for me to do. It was either-or."

The father and son have not spoken to each other since. Now Frank Collin, 25, lives with a few other Nazis in the upstairs barracks of Rockwell Hall, a nondescript, two-story building on Chicago's southwest side which his party bought this spring from a motorcycle club and decorated with swastikas and white power slogans.

He has been arrested twice in the past week, once in a police arms raid on Rockwell Hall (named after George Lincoln Rockwell, the assassinated founder of the American Nazis), and two days later for contributing to the delinquency of a minor—he insisted on stuffing Nazi literature into the purse of an 11-year-old girl.

It was after the first arrest that the Chicago Sun-Times reported immigration records showed the Nazi leader's father was a Jew. Max and Virginia Collin confirmed it and said the fact had never been a secret from their son. Frank Collin insisted his father was a liar, altho a well-meaning one.

"No, it is not true," he said in an interview with UPI. "He is not Jewish. If he was a Jew I would certainly not have joined the Nazi party. We are white-aryan and under the Nuremberg laws in Germany if a man was even half Jew he lost his citizenship.

"He more or less did throw me out Aug. 9. He did not want me living there; it worried his wife and the other kids. He is very frightened and he once told me he would do anything to save his family and his job.

Man indicted on fraud charge

A 26-year-old man has been indicted by a District Court grand jury on charges of defrauding 92 Howard University students and alumni by collecting money to cover a Thanksgiving week end trip to the Bahamas last year.

The indictment charges that the trip never took place because Albert C. Brinson, who operates the Afro-American shop at 2700 Georgia-av nw, used the money for his own purposes and failed to pay the American Flyers, a supplemental carrier, and the Holiday Inn of Freeport. Each participant was required to pay $115 to cover air transportation and room accomadations, the indictment charges.

Rustic Road Effort Off to a Slow but Scenic Start

We're back from 1,200 miles of roaming through the state, mostly along dull concrete and asphalt ribbons. Like unwinding fake scenery, the utility poles, truck stops, billboards and fried chicken emporiums sped by.

But there was relief, in small swatches of Rustic Road, so designated under a program that is taking a hold too slowly. Four years after the program was signed into law, there are only 50 miles in five counties. That's enough for a tantalizing preview, however.

Two segments are in Racine County — one near to a historic Norwegian settlement; the other straddling a kettle mo-

tion, was even less charitable:

"We have reaped from these programs an ugly harvest of frustration, violence and failure across the land."

US Nazi Tries to Shun Jewish Background

Chicago, Ill. —AP— The list of TV and radio stations and newspapers wanting to interview Nazi leader Frank Collin was three pages long when he and his four young aides passed beneath the "Stop The Niggers" banner and entered their headquarters.

"Oh my God," he said, his head bobbing up to look at the clock. "It's too late to make the 6 o'clock news."

He shoved a pile of papers off his small desk. "Throw this garbage out! Put those damned dogs in the basement! You guys put on your uniforms in case I can talk the TV guys into coming out. Maybe we can still make the 10 o'clock news."

The phone rings. It's a reporter calling to ask Collin's reaction to an Illinois Appellate Court ruling.

"I haven't seen the ruling. Nobody's told me. What'd they do?"

The reporter tells him the court said his group could march in Skokie if they didn't wear swastika armbands.

"I won't stand for it," Collin shouts. "It's a tyranny. How can they outlaw the swastika if they don't outlaw the star of David or the hammer and sickle?"

Collin hangs up.

He has been trying since April to hold a march in Skokie, a predominantly Jewish suburb. He says he now is preparing for a march through black sections of Chicago "to show we don't want any niggers moving into our neighborhood."

Recalling the phone call, he glares at his aides. "Damn Jew court."

Replies a young aide:

"Execute 'em. Line 'em up and execute 'em."

Says Collin, "Yeah."

It seemed an odd response from a man whose father is a German born Jew who survived Hitler's Dachau prison camp.

"His father is sick about it," said Hugo Wolf, a longtime friend of Max Collin, Frank's father. "About six months ago when I first heard about this Skokie thing, I called Max and asked him what's this your son is up to?

"He said it was tearing him apart. He said his son had gone off to school in Carbondale (Southern Illinois University) and came back home with these strange ideas.

"Max said he got angry and threw Frank out of the house and doesn't want to think or talk about him anymore."

The US Justice Department says Max Collin became a naturalized citizen and legally changed his name from Cohn to Collin April 9, 1948, five months after Frank was born.

The elder Collin is 63 and semiretired. He lives in Olympia Fields, a well to do

suburb south of Chicago.

Frank Collin, 32, refuses to talk about his father's background, saying: "I don't respond to gutter journalism." He says his family is under strict orders not to talk to the news media.

He has been quoted as saying that if his father's background could be proved, "I'd quit the party."

[In 1965, Daniel Burros, 28, grand dragon of the New York Ku Klux Klan, shot himself to death after learning that his Jewish origins had been made public. Burros had at one time been a member of the American Nazi Party.]

Questioned about Collin's background, his maternal grandmother, 84 year old Mrs. Joseph Hardyman, replied: "Sure his father is Jewish. That's right, he was in a German concentration camp. . . . He (Frank) knows it."

The first report of Max Collin's background resulted in Frank Collin's ouster from the original American Nazi Party founded by George Lincoln Rockwell — the National Socialist White People's Party.

His mother, Virginia, told the Chicago Tribune in 1970 that her husband had been imprisoned in Dachau. "Frank never liked to acknowledge it. But he knows his father is Jewish," she said.

At the time of the report, Collin was based in Chicago as the MSWPP's Midwest coordinator.

"When we found out that Cohn is half Jew we threw him out," said Jerry McGee, NSWPP membership secretary.

Collin seemed to have the last laugh, however.

"We'd raised money in Chicago and here at the national headquarters to buy a headquarters in Chicago," McGee said. "The traitor took the money and bought the building in his own name."

It's the same ramshackle building that Collin uses as headquarters for the National Socialist Party of America and an umbrella organization, the National Socialist Congress. He also keeps an apartment there.

Collin named the headquarters Rockwell Hall, in memory of the man who was assassinated by an aide in 1967.

Collin said he first became interested in nazism when he was 7 and saw a newsreel about Hitler.

"They showed a closeup, he looked so sincere. I had no idea of what he was saying because the Jews who produced the show gave no translation. But I saw how the thousands of people looking at him were so transfixed. I knew what he was saying was important.

"Someday the world will know that Hitler was right. The white people in this country will get fed up with our rotting civilization. And we'll have the party and organization they can turn to," said Collin.

"Until I got into national socialism all I wanted to be was a good son, citizen, husband, father and journalist. But once I learned the truth, I had to make sacrifices. . . . I have no life outside the party.

"But it's worth it. . . . My reward is the respect of millions of Americans."

Column One

This Nazi has Jewish roots

By MIKE ROYKO

CHICAGO — When Frank Collin, the leader of the Nazi march, sees his name in this sentence, he will be pleased. He likes publicity. That's why he was going to march in suburban Skokie on July 4 until he changed his mind today.

His other reason for marching was that he delights in baiting Jews. He hoped that his presence will make them furious.

And there is no question that he was going to make a lot of the Jewish residents of Skokie angry.

Just the sight of those dreaded Nazi uniforms will dredge up terrible memories for those who were in the death camps, and those who lost relatives in them.

So it is a nasty thing that Collin is doing for his own delight and satisfaction. He's trying to hurt people who have been hurt beyond description.

That being the case, it seems only fair to reciprocate. Why should Collin be sitting back

have advanced to the point of "protecting freedom of religion" by interfering with such instances of the majority predominating as Christmas and Baccalaureate assemblies in public schools. They give obnoxious views on many political issues -always of a left wing nature-, with which the Jewish community is presumed to agree, and then go into a childish, futile game of cops and robbers investigating and harassing those who react to these provocations for which the Jewish organizations are at least partly responsible.

Here, for example, is an example of the psychology in action: a Jew walks into a hotel, askes for a room, and is told that none is available. He becomes acutely conscious of being victimized by bigots because he is a Jew. Although he may have been quite right, he overlooks the fact that there really might have been no room available. In this way, Jews exclude themselves from many pleasand experiences and associations which might have meant entre into things from which he feels excluded. Other ethnic groups, which are excluded from certain endeavorscontinue in those open to them without making a fettish of it, and ~~withdrawing~~ either withdrawing or making an overly aggressive assault to get in. This manifestation is often attributed to sheer contraryness by gentiles who try to welcome Jews into their midst not knowing this.

Driven by this line of reasoning, the excessive lament of being slightly different and the extreme consciousness of exclusion consequently, the Jew is ripe for any reform which promises to make all men equal (i.e. identical in society), even if it is to be by the violent uptern of society. Since the Jewish tradition is one of exclucivity, this easily understood desire is impossible because it is inconsistent with that tradition which the individual Jew wishes to preserve.

The relevance of this goes completely unnoticed by nearly everyone, even those most closely involved. To explore it, let us examine some of the liberal stands taken by present day Jews:

1) Public Welfare Schemes - Government intervention in times of economic disorder and premature local matters is an easy way out taken by the short-sighted to serve humanitarian ends, even though the measures may be ill advised and dangerous to future security. These are always eagerly supported by the Jewish pressure group except in the case of loans to the Catholic church. It may seem that the Jews support these measures, even when they are shown to be faulty, because of the surplus of human kindness that they possess. On closer inspection, the neurotic factors appear. The impossible wish to make all men equal in society shows up with all of the paranoidal wounds which forced it into being. Another interrelated cause is the need to strike out at the gentile aristocracy which seems to be the cause of all of the Jew's consecutive problems.

Like the dewey-eyed humanitarian, the Jew fails to see that these measures remove the economic pressure to produce. Unless we may depend upon men to work for the sheer joy of helping their fellow men, what will hold society to its obligations? Those who run the Eastern half of the world claim that no such pressure is needed, but they are forced to replace economic competition with slavery.

Also, the measures do not strike at the causes of economic depressions, balance of trade difficulties which are too complicated to explain here. The economy continues to decline as capital deflates, leaving the worker without capital to purchase what he has produced. Alterations of these effects, without removing the causes, financed by the overburdening of already tottering free enterprise in times of stress, only bring us nearer to the time when it will be impossible to continue. Seeing that our measures have failed, we will be provoked into blaming the free enterprise system, and perhaps abolishing it.

thoroughly enjoying the prospect of being a public nuisance? Collin should get a little upset himself.

And that's what I'm here for today. From this point on, if Collin reads this, his face will be flushed, his eyes will bug, and he will be mad as hell.

I'm going to talk about something that Collin absolutely hates to have mentioned.

And that is the fact that his father's name — before it was changed in court — was Max Simon Cohn.

That's correct. Collin, the dippy Nazi, has a Jewish daddy.

Not only that, but his father was born a German Jew, and spent several months in the infamous Dachau prison camp before being released in 1938 and coming to Chicago.

Later, Mr. Cohn changed his name to Collin and married a Roman Catholic woman, and they had Frank, who unfortunately grew up to be a warped twerp.

When Terry Shaffer, a Chicago Daily News reporter, asked him about it at a press conference once, Collin began screaming to his "storm trooper" guards: "Silence this man. I order you to silence this man."

And when the national office of the Nazi Party heard that its Chicago boy had a Jewish father, it tossed him out of the national organization. That seemed fair to me. If you are going to be anti-Semitic, you shouldn't play favorites.

Collin's parents have never been able to understand how he turned out to be such a jerk. They say he sure didn't learn to hate Jews at home.

Anyway, that's the story of Nazi Frank's background. A nice half-Jewish boy who has gone wrong.

I assume most of the people of Skokie have the good sense to totally ignore this bunch of weckos when they hold their march.

But for those who decide to take a peek at Collin, I have a suggestion.

As he marches by, give him a big horse laugh and say:

"And so's your old man, Frank; so's your old man."

HERE'S LOOKIN' AT YOU... JEW!

2) Racial Questions - The same factors which make the Jew support welfare state legislation make him the champion of the negro. The most baffling part of this question in modern society is the fact that so many people rabidly hold the conviction of racial equality without knowing why. When an integrationist is asked upon what knowledge his conviction is based, he can state no scientific or philosophical theory as a reference. He can only recite one sentence of the Declaration of Independance which was written about political, not racial, equality by a slave owner. He may also roll out endless statistics, which the racists can match, item for item with their own statistics. He may then play the if-you-treat-them-equal-they-will-be-equal game, ignoring what other groups who were not treated equally -the Jews for example- have done. It is an impressive example of how people may be conditioned to overlook obvious facts by the constant bludgeoning of the "big lie" technique.

Another salient discrepancy which further proves the totality of the neurotic factors as the motivation of Jewish participation in racial reforms is the fact that Jews rarely are intersted in any scheme of social justice for the negro that does not involve the establishment of "equality" by the actual mixing of the races. The powerful pressure groups never criticize unethical business practices aimed at the negro, and rarely do anything to help negro education in any way other than integration, or assist repatriation movements. Instead, the Jews only help the negro as that help relates to that unattainable equality in society which they seek.

3) - Reaction to Opposition to These Specific Views (The Right Wing) - The maze of association in recent history relating to this has made the Jews the perennial enemies of the right wing. In the same reacting style that characterizes the early history of the Jews, the right wing has often been the categorical enemy of the Jews. Even though these questions have nothing to do with religion, a Jew stands on thin ice as a right winger.

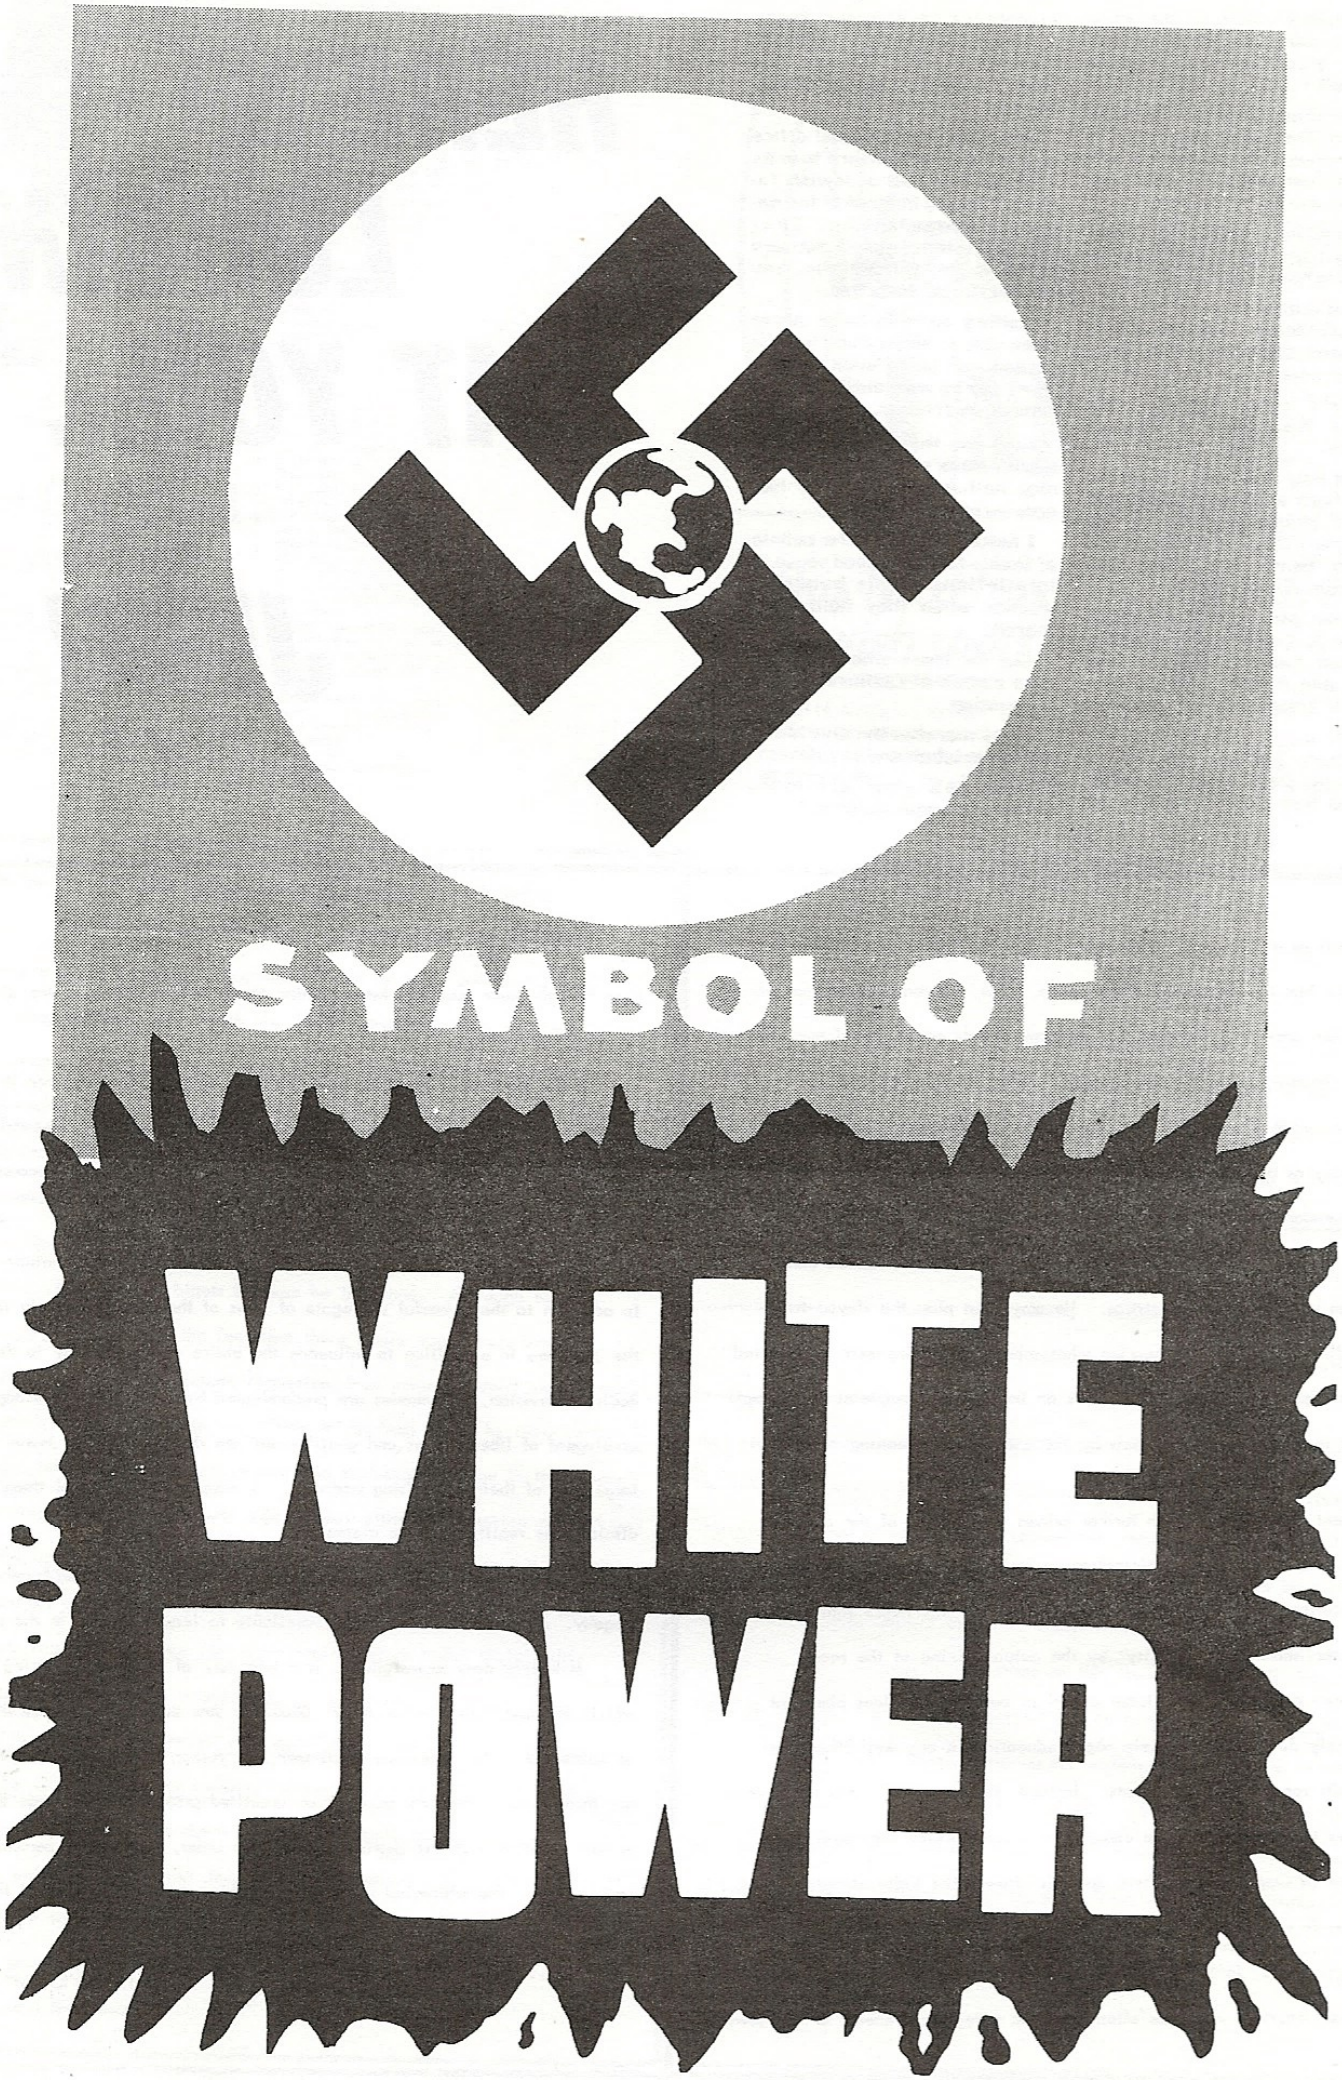
If the right wing preoccupation with the Jews is bigoted, then the Jewish preoccupation with the right wing as anti-Jewish is also bigoted. Recently, the American Jewish Committee blasted the John Birch Society as anti-Jewish because a small anti-Jewish organization in New Jersey endorced it!

But all of this has an enormous on more than merely those whose actions are involved In addition to the powerful aggregate of Jews of these persuasions in influential posotions, the Jews are in a position to influence the entire nation unfairly to these prejudices. Radio, television, and movies are predominated by Jews. The newspapers have a large contingent of liberal Jews and gentiles and are dependant upon Jewish businesses for a large part of their advertising accounts. A cursory inspection of these media will disclose the reality of these claims.

In the absence of vindication for Jewish causes, this trend foreshadows a needless tragedy. An emotional tide is too unreliable to lead humanity in the right direction.

If history does repeat itself, is a new turn of the screw to bring us an era in which the Jews will pay for this? Should a Jew consider it desirable for a nation to be subverted in the direction of its own ruin rather than take such a turn? These are things which any Jew who has an unsullied pride in his heritage should consider. A new awakening of the Jewish people is in order, to stop the perennial cycle once and for all. The whirlwind of history is making ready for them and the rest of humanity of that awakening does not come!

"THE PENSIVE JEW"



SYMBOL OF
WHITE
POWER

THE GREAT WHITE MARCH

by George Lincoln Rockwell

Yes Virginia, there IS an American Nazi Party. This is the story of the event that scared the pants off the Jews. This is the story of the breakthrough that turned us into something serious. This is the story of the first great confirmation with the American people. In the summer of 1966, George Lincoln Rockwell proved that it CAN happen here! This is the Great White March.

Everyone even loosely acquainted with the movement has heard of the Great White March. But here, for the first time, is the closest thing to a complete account of it as it happened by the man who led it, George Lincoln Rockwell. This is not someone's interpretation... this was IT. This was Rockwell at his height, the A.N.P. at its height, the decade of the sixties at its height. Everything focused at once in one city: Chicago.

What is presented here are the three Special Reports from the Commander to the Party on events in Chicago. These were of a somewhat confidential nature as they were also emergency appeals for funds such as the Party had gotten used to over the previous eight years.

Shown here is what can be expected from the White masses when they are sufficiently aroused and properly led. Here also is what can be expected from an entrenched establishment viciously determined to remain entrenched. Here is how much an incredibly few men can accomplish in the face of this practically without backing. Here is how revolution happens. Here is one of the greatest sagas of the heroism of the White Race during the darkest of dark ages.

The consequences of tackling the system in earnest are made clear. We would be remiss to neglect a very brief afterword to this event now. No, they weren't able to "get" Rockwell in this instance either. He was dead before the case reached conclusion. Many have advanced the conviction that THIS was precisely the reason Rockwell was murdered.

The message in this story to you is to follow in Rockwell's example and LEAD your people to revolution and victory. But, along the way, don't wait for the sneaks in the darkness to kill you. Move first this time, comrades!

COMMANDER'S SPECIAL REPORT ON CHICAGO

I'm dead, dog tired after the sixteen hour drive back from Chicago as I pound out these words myself on the typewriter, but I can't turn in until I've done my best to pass along the best news in six years to those who have stood by me so long and so faithfully through so much discouragement.

On Sunday, August 21, 1966, everything we have hoped for, sacrificed for, suffered and worked for came true!

Never have I seen such a fantastic "blackout" in press, TV, etc., nor such arrogant lies when the press did say something about what happened in Chicago last Sunday. Literally hundreds of newsmen, cameramen, etc. were there and know the truth of what I shall write, yet not one word of the amazing facts has been allowed to get out.

You'll understand why when you finish this letter!

About three weeks ago, Martin Luther Coon started it all. For the first time that I know of, he led his black scum and White trash into all-White neighborhoods in Chicago, demanding that the blacks be allowed to make more slums out of White areas.

The Whites replied the only way they knew how, -with rocks and bottles and jeers. They've never been organized as WHITE people, -as a RACE, -by the so-called right-wing, by the "conservatives" who are afraid to mention race and are still babbling about "the constitution", "states'rights" etc, when it is RACE, and RACE ALONE which deeply concerns the masses of working Americans!

America has plenty of Negro leaders -Coon, Carmichal, McKissick, Wilkins and the rest of the arrogant black agitators. There are plenty of Jew leaders for the Jews. And every other group, from national groups to trade associations has its recognized leaders. It is only the White people who have no nationally known leaders who stand up responsibly for the WHITE RACE.

(Do not reply that George Wallace is such a White leader, -although I know he's the best we've had so far. But Wallace makes the mistake of joining the Jews, negroes and conservatives in parroting the Jewish line, (as Wallace does all the time), by saying, "Racism is evil!" --In other words, Wallace is saying Whites aren't superior to blacks, and it is "evil" to say so. Instead of admitting the truth that the White race IS superior, Wallace tries to hide his racism as "States' Rights", "Constitutionalism", etc. But the people see through this, and instinctively know that a leader who will not dare tell them the truth they all know will never really FIGHT.)

I proved, last Sunday, that the people, the good, White working people are sick to death of any more of this sort of hiding and disguise and sneaking of racism. They want to see a fighter for the Great White Race stand up and face the liars and blacks and Jews with the FACT that the White Race IS superior, and will not tolerate being mixed with inferior Africans. They want a fighting leader not afraid to come out in public and state what everybody can see, that the blacks, for the most part, are the lowest kind of semi-animals who will destroy White Christian America unless we stop them.

(And don't tell me that Robert Shelton, the Klan leader, is such a nationally known White leader. He's known, sure, and he's for the Whites, -sure. But he has not and he will not step out onto the battlefield personally and fight for his people, as the masses know I do every day. Where was Shelton when the Commie Viet Cong flags were flying all over the Country? Where was Shelton in Chicago ? Cleveland? -a thousand other places?)

The American people do not want any more empty talk, petitions, cross-burnings, bed-sheeted collection-gatherers or anything else except old-fashioned American FIGHT! Klan groups with whom I have met all over the Country have complained to me that Shelton won't fight, and won't let anybody else fight.

The fact is that the White working people of Chicago FINALLY have been attacked in their very homes by the black scum, and have risen up in their righteous wrath to hand us THE opportunity of a lifetime.

But their wrath, until we came along, was undirected, aimless, violent and often harmful to their own cause. They have been abandoned by "leaders" afraid to stand up for the WHITE RACE. While the black savages have been howling through the streets screaming "Black Power!"-burning, looting, beating, raping and murdering, --the "conservatives" and even Southern leaders have been responding with "The Constitution!", "States' Rights!" and, most defeatist of all, "Never!"

So, without any leadership at all, the strong, God-given instincts of our healthy, wholesome people reacted to the naked challenge hurled at them by the blacks howling "Black Power!"

"WHITE POWER!" came from a hundred thousand White throats, as they attacked the invading blacks with rocks, bottles and anything else handy. With no leadership and no organization, only violence was left to them, and they used it.

And "White Power" is precisely what I have been preaching all these years! (And for which I have been getting cussed and reviled by my own side). I have said again and again that telling our people that all we want is "more individual freedom and a better world" and "states' rights", etc. is a lot of hogwash.

In order to DO what the Conservatives are always babbling about, we need POWER, WHITE power!

The moment I realized what was happening in Chicago as the rocks and bottles were flying at the nigger marchers, I dropped almost everything else and called a dedicated patriot in South Carolina. With his help, I flew John Patler out there to Chicago with ten thousand "WHITE POWER" swastika signs which were printed in an all-night marathon effort in our little "hen-house" plant in Southside Virginia.

I knew exactly what would happen when I turned those signs loose in Chicago. Those decent, peaceable, hard-working people were MAD, mad clean through, and under naked attack by black mobs trying to invade their neighborhoods and turn them into more nigger slums. They don't give a damn about all the Jewish anti-Nazi lies and propaganda of the last twenty years. They are fed up to here with the phony, dead "six million". And they want to SHOW how angry they are, -they want to be tough, rough and FIGHT!

The swastika ALONE gives them what they want and need, because it is truly the very symbol of "WHITE POWER"!

And another benefit of this symbol which the Jews have so thoughtfully been publicizing all these years is that anyone can draw one on a wall, on his helmet, on a poster! (Who can draw a Confederate Flag, for instance? Good a symbol as it is, it is too complex.) The swastika is simple and POWERFUL! That's why Adolf Hitler chose it as the symbol of our Great White Race!

The NSRP had already been passing out thousands of their very good paper, "The Thunderbolt" to the crowds. But the people in Chicago did not want to read any more papers about how bad the situation was and is, they want to FIGHT! We saw the streets littered with thousands of the paper.

Instead of newspaper or literature, I sent Chicago the swastika and John Patler to organize them and help them reply to "Black Power" with "WHITE POWER".

And how it worked!

Within hours after Captain Patler landed, our White Power swastika signs were being brandished at the niggers and on national TV, all over the city! Patler leaped on a bench in Marquette park, scene of one of the worst nigger invasions, and gave a rip-roaring NAZI speech which burned its way into the living hearts of thousands of White Men who, only hours before, had been leaderless and disorganized.

"ROCKWELL IS COMING" he shouted, and the crowd took up the cheer!

The papers and TV covered some of this reaction, (which you may have seen) because they apparently still thought it was some kind of juvenile outburst and that we could be made fools of, or they could jail me for "inciting to riot". But Captain Patler has been carefully and well trained at HQ and in his leadership activities all over America with the American Nazi Party. He was scrupulously careful not to say anything which could support charges of "inciting" no matter how the papers, TV and other media lie and misrepresent. (If he HAD "incited to riot" you can be sure he and I would both be locked up long ago).

He announced to the vast throng of Whites that I would be in Chicago to speak in the same spot next Sunday (August 21), at 2 PM, just as in the old days we used to speak every Sunday in Washington.

Meanwhile, the reactions from all over America began to pour in! Our kind of people are fighters, and they could feel it in their souls that, at long last, the fight for White Christian America had been joined! I got calls from Oregon, San Diego, Iowa, Dallas, Florida, Seattle, Kansas, from everywhere! -even from people who had long ago lost faith and abandoned us.

I decided the best way to let the politicians know that the Whites were fed up was not to throw rocks and bottles, but to MARCH ON THE NIGGERS who were causing the trouble! If the blacks have the right to "march" on our White neighborhoods, we assuredly have the right to march on their BLACK neighborhood.

As soon as I announced this to the press, the police and politicians were forced to admit that they would have to give us "police protection" too, just as they had been giving it to the chimps and baboons loping into the White neighborhoods.

We rigged the camper for a "combat" speech (see photo I took myself in Chicago about an hour before the speech, before the crowd had gathered) and headed for the Battlefield in Chicago. I fully expected to be arrested, since all the papers had been running stories that the Nazis had "incited" the White mob which stoned and burned nigger cars, (although all this happened long after Capt. Patler's speech, although the same kind of thing and worse had been going on for days before we ever got there, and although we carefully did NOT urge any such illegal action).

Instead of being arrested, however, when I arrived in Chicago I was surrounded by the press and asked, "What is your comment about the National States Rights party, which has asked for Police protection against you and the American Nazi Party?" I was flabbergasted!

Since Fields settled my court libel suit against him by paying $1,000 and apologizing for his lies on the front page of his paper, and ended the disgraceful squabbling between fellow White leaders, I have not only not done anything to hurt the NSRP, but I have called him a dozen times to offer help, (which was always declined, -politely by Fields, with hatred and cursing by Stoner). Now with the greatest opportunity in history for the White Race, -out of a clear blue sky, Stoner of the NSRP (I believe) was starting more crazy battling between the NSRP and ANP, with this insane PUBLIC attack, implying that I was going to attack the NSRP and they would need police protection from ME!!!

You can't imagine the way the Jewish reporters were laughing about THIS!

So I wired Fields, <u>begging</u> him to stop the insanity of more quarreling in public by White leaders, and even offering him the use of our facilities. (See photostat of telegram). But it did no good. I tried to call him, but got only Stoner raving that I was working for the "Federal Bureau of Integration!" The vile lies from the NSRP continued to make the Whites look foolish.

But we were all too busy to pay much more attention to such madness by the NSRP, and I did nothing to hurt them or "get even". They announced a rally for the same time and place we had already planned to speak and had spoken the previous Sunday, but I simply moved our rally over.

Finally it was two PM, Sunday, August 21, 1966 in Chicago, Illinois. The weather was sticky and overcast. A crowd of more than two thousand had gathered, with many more at the windows of the neat, two and three-storey apartments and houses around the park.

Just as we were ready to begin, the radio announced that anyone speaking in the Park would be jailed for "speaking without a permit"! My Chicago leaders had spent two and one half hours, several days earlier, making sure everything was legal, however, so Captain Patler climbed up the ladder to the roof of the camper and began to speak.

He was greeted by round after round of applause!

Lt. Chris Vidnjevich, our Chicago leader, followed him and was showered with more applause.

Then Capt. Patler introduced me. I climbed up through the hatch to more applause than I have heard in all the years I've been fighting for America!

I began to speak.

It was an emotional experience such as I have never yet had. It was hard not to choke up, sometimes. As I spoke to that giant crowd, IT CAME <u>ALIVE</u>! I could FEEL it, and so could they!

When I asked a question such as, "ARE YOU WITH ME?" --the answer would come roaring out of thousands of throats with such passion and power that it moved me beyond words.

I told of the Jewish money and Jewish communism behind the black hell-raising! They applauded and cheered that somebody had the nerve, at last, to tell them the TRUTH! I told of the rotteness and ugliness of the black scum which was attempting to invade their clean neighborhood and turn it into another nigger slum where their wives, sisters and daughters would be helpless before the black savages. They cheered and hollered, for they knew I spoke the truth! I was soaking wet with perspiration, but my heart was so full that the words poured forth in a torrent directly into two thousand or more hearts of my White brothers and sisters! The mutual love and bond between White Brothers and sisters became a warm, breathing thing for all of us! Even now, as I write these words, my throat tightens up as I think of all the years all of us have suffered and sacrificed, and how all of it became gloriously worth-while in that hour during which I won over the hearts and souls of the White people who have been told for so long that I am a "monster" and a "bigot", etc!

I announced that on September 10, I would lead a march of Whites into the blackest and rottenest section of Chicago. I asked again, "are you still with me? Will you MARCH?"

The thunderous response was a volcano and an inferno of roaring approval, rebel yells and unmistakeable war cries of WHITE WARRIORS!

When I could be heard again, I asked them to give me "WHITE POWER" so Martin Luther Coon could hear it on the other side of town!

"WHITE POWER"!!!

It wasn't organized and united enough, so I told them I would shout "WHITE", and they should respond with "POWER!"

Over and over and over it thundered out of that historic park, --all over America!

"WHITE..." ----"POWER!!"

"WHITE..." -----"POWER!!"

"WHITE..." -----"POWER!!"

Until YOU hear this mighty roar of YOUR people, united at last in brotherly love for our Great White Race, you simply can't FEEL what happened out there in Chicago last Sunday! For the first time in the history of our perishing America, thousands of White Men and Women stood up openly as RACISTS, proud of their White Race, and cheered a supposedly "hated" Nazi, who stood over two giant SWASTIKAS, ---cheered and cheered and cheered. And hundreds of them were waving swastika placards they had made themselves!!!

Two Jews started to scream at me. They got only a word or two before I saw them being dragged into the crowd and their feet disappeared. For seven long years, I Have had to suffer these vicious Jews breaking up our speeches by force and violence, only to appear later in court as innocent lambs, weeping piteously over the poor "six million" barbequed Hebes. But I can guarantee that the two Jews who came to bust up THAT meeting will NEVER try it again! That crowd was not made up of "conservatives" and Buckley, tea-party types, but tough, powerful working men who won't stand for any Jew hanky-panky while they are listening to a White Leader.

When I climbed back down the ladder inside the camper, it was immediately swamped with a huge crush of people who wanted to see me. The others inside the camper cautioned about going out into such a mob, but I knew I had to. I did. I was almost pressed flat. Women hugged and kissed me. Hundreds of hands reached out to grab me and shake my hand, often nearly crushing it. We were told it was illegal to take up a collection in the Park, but these wonderful people PUSHED money at me, fives, tens, twenties, -stuffed it in my pockets, filled my hands, until I was able to work my way near enough to the camper again to pass the wads of bills inside. (More than five hundred dollars was pushed upon us in about THREE minutes!)

By this time, I could not help pouring tears for pure joy, for the first time in my life. I had seen women cry for happiness before, and never understood it. Now I did!

After eight, long, bitter, heart-breaking years of starvation, desertions, lies, lonliness and stupid hatred, here were vast masses of my fellow, White Americans taking me into their hearts, and with such power and love that I cannot describe the emotional storm in any words.

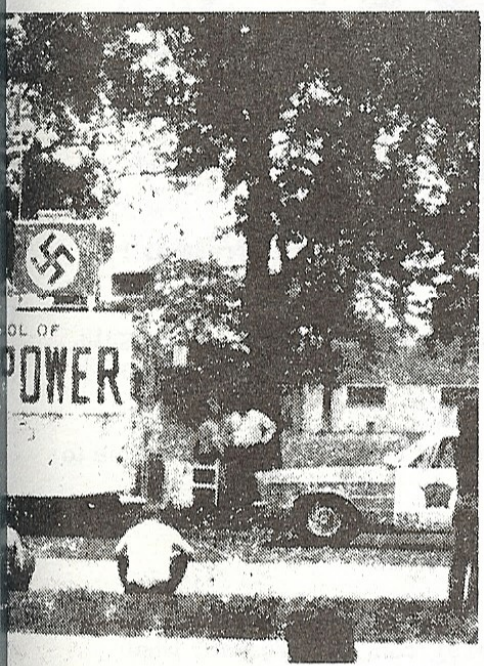
Center: Sunday, Aug. 21st, 1966. John Patler announces Rockwell's approach to throng in Marquette Park. Above: Picture taken by Rockwell of crowd gathering.



These wonderful people were not pouring out their love and gratitude because I am so handsome, because I can give a good speech, because I am a "big shot" or because I "hate niggers". They were overwhelmed, as I was, because at long, long last SOMEBODY was giving them responsible but FIGHTING leadership such as America once knew from our forefathers. Those good people knew that I understood them, loved them, knew how to reach their hearts, and will FIGHT TO THE DEATH FOR THEM!

All of this I have long known and predicted would happen. But with so many years passing with so much misery and so few sticking with me, I have often wondered if I could keep going. I had actually forgotten the great vision for which we fight, OUR PEOPLE! I have been forced to spend so much time fighting poverty, treason, treachery and stupidity by my own side, that I had forgotten, emotionally, what it is like to be a part and a leader of a GREAT PEOPLE!

But it all came pouring over me last Sunday in a great wave which I will never forget, and I knew with the surity of religious knowledge that WE WILL PREVAIL! Those few thousand wonderful people in Chicago are just a tiny sample of the MILLIONS out there, waiting just as desperately for WHITE LEADERSHIP.

The reaction of those people was SO overwhelmingly favorable to us that it was all I could do to prevent a riot, when the Assistant Chief of Police of Chicago showed up after my speech and handshaking. They had been broadcasting that anybody who spoke in the park without a permit would be arrested. So, when the Assistant Chief showed up, I expected the usual "pinch". I heard the crowds beginning to roar, "The cops!" just as I got into the camper to drive off. I knew what would happen unless I did something right away.

I jumped back out of the car and hollered to the crowd to leave the police officer alone.

I told them that it would hurt, not help, if theymobbed the policeman. I told them that if I were arrested, I would go peacefully, but that they should then go and make a mass demonstration at the jail to let the politicians know they would not stand for Whites to be locked up while Martin Luther King broke every law in the books and got away with it.

So the crowd let the officer through. He looked miserable and horrified when he got to me.

"Can I talk to you a minute" he asked.

"Go ahead and arrest me," I replied. "I'll see the crowd is peaceful."

"No! No! No!" he hollered, as the crowd moved in, " I'm not going to arrest you!"

The crowd relaxed and became silent. Microphones from a dozen reporters were poked between us. Then this top policeman said something incredible. We had been in the park for almost three and a half hours, by now, setting up the camper with an eighteen-foot sign, "WHITE POWER" and two giant red-white-and-black swastikas. There had been music which police made us stop. There had been three speeches. Hundreds of police had come and gone, some taking our names, etc. Nevertheless here is what this Assistant Chief of the Chicago Police said to me.

"You've broken the law. I didn't know you were speaking, or you would have been arrested. I just got here, so I didn't know you were breaking the law."

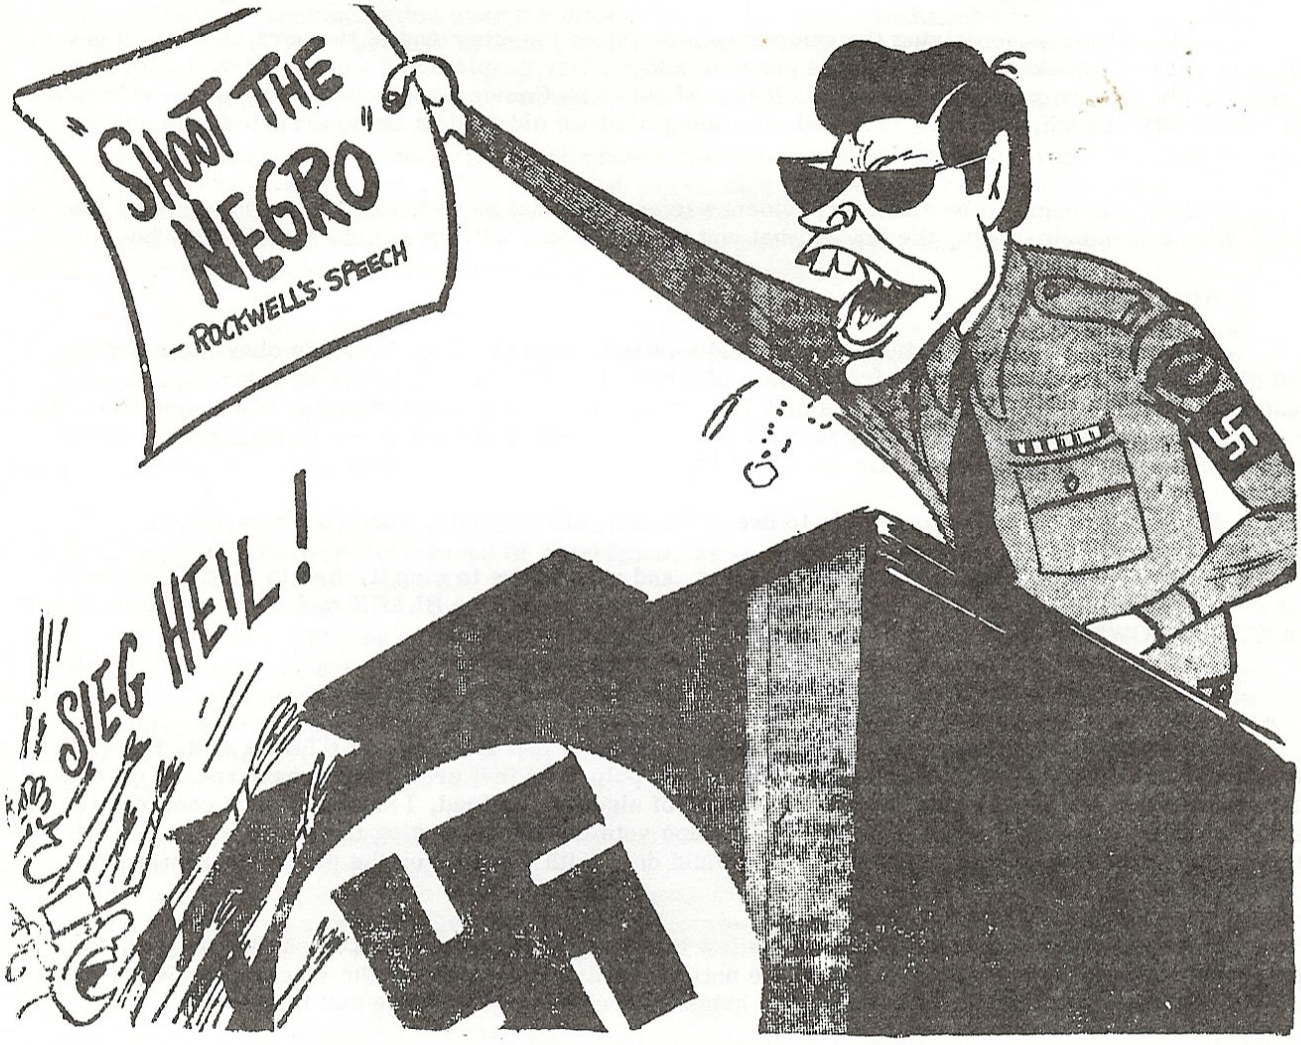
When he started talking about "breaking the law", the crowd began to get restless and ugly again, and the police officer continued in a hurry, "This is a warning! You can't speak again without a permit! Next time, get a permit!"

I replied that I would, if I spoke again. Then I turned to the crowd and yelled, "Do you want me to speak again?"

The crowd roared "YES!"

The Assistant Chief of Police in Chicago scurried away.

This time, the power of the mob saved me, (rather than the niggers) from an arrest for what they said was an unlawful act, (which I doubt, since our leaders were told it was OK by police HQ). But if it WAS illegal, then it is WRONG that I should have gotten away with it just because of that mob, and it is this kind of hanky-panky with the law which has loosed the black terror in our streets.



Chicago putsch

No man should be arrested who does not break the law. Nor should any man NOT be arrested if he does break the law, even if the police have to use tanks and machine guns to enforce the law. This time, it was I who benefitted from "mob rule", because now it is no longer just the niggers who have "mobs", --we can have them too. But just because this mob was on MY side, doesn't change the principle that NO mob should ever deter police from doing their duty. And no politician should give orders which make such a monkey out of a professional Police Officer.

The full injustice and wrongness of it all was shown in a pitiful way, a few moments later, when a miserable little group of three sheeted Klansmen were arrested for trying to speak, just as I had already done, -except they had no platform, no loudspeakers, no signs, --nothing, --including no mob. It had begun to pour down rain just as I finished speaking, and they had nobody out there to listen to them. So they were arrested and jailed for "speaking without a permit"!!!

And as we were driving the camper by a statue at the other end of the park, (still in a pouring rain) we passed a soaked and soggy little group of about thirty people being addressed by a man with nothing but a little portable loud-speaker. It turned out to be Connie Lynch addressing the members of the NSRP. Mr. Lynch, too, was arrested, for doing what we did without being arrested! He had no mob, either.

Surely this ought to be sufficient evidence to anybody that MOB RULE has taken over our America! With a mob behind you, the law is what you want it to be. Without a mob, you get the "business".

What madness!

I feel sorriest for the police, in the middle of this insanity. They HAVE to obey their orders, and often these orders don't come from police officers, but rotten politicians who cater to the mob. Just last week, 125 good police officers quit in Chicago, because of the rampaging black mob rule. It's happening everywhere because a nigger can't be arrested anymore without all of niggerdom turning out to riot, burn, loot, and terrorize the whole city.

It's wrong for niggers to be able to break the law with impunity, and it's wrong for us, too.

But we didn't produce this rotten situation, and we do have to stop it. And to stop it, we must use SUCCESSFUL tactics, -which means that the only real answer to BLACK mob rule and black power is WHITE POWER!

Some papers in Houston and California headlined that I "incited" a riot.

Had I any intention of doing any such a thing, indeed, had I not PREVENTED a riot, that policeman who came in there would have been mashed to a pulp, and that crowd would have roared off to start the riot of the century and kill them carloads of niggers. Instead, I showedthem a constructive, legal way to show the politicians that the black, bloc vote isn't worth losing the much larger WHITE BLOC VOTE, -and showed that crowd that we could do it with a march on the nigger section in an orderly and legal manner.

I told them that if I could muster only a few thousand White Men to march on nigger town, the political bosses would have to sit up and take notice and listen, at last, to the voice of the White Man who has lost patience with all the catering to nigger marches, riots, crime and laziness.

I told them it is not petitions, talk, literature, meetings or even the truth which moves cynical politicians today, -but MASSES OF ANGRY PEOPLE.

The niggers are getting away with HELL, simply because they can muster hundreds or thousands of bloody rioters; and every commie, every Jew agitator, every politician, every lefty and liberal liar and sneak is THREATENING us that if we don't give up our rights and all they demand, they will loose upon us the black terror!

Well Sunday, I showed those politicians that he who sows the Black wind shall reap the WHITE WHIRLWIND!

With only one rally, I can now muster many thousands of White Men to march into niggertown on behalf of "Back to Africa"!

And these will be no "nice" "conservative" marchers. These will be the toughest men in Chicago; which is no sissy city. We've got 'em with us 100%, regardless of the silence or the hisses of the Jewish vipers in the press, TV, radio etc.

If the niggers attack, the cops will have the right, (and the pleasure) of beating the living hell out of those burrheads. And every White cop in Chicago will be fighting for a chance to get a free crack at the black hell-raisers who have made their lives so miserable. If nigger cops can beat the brains out of Whites who try to stop nigger marches into White neighborhoods, then White cops can certainly enjoy to the fullest pounding the thick, wooley skulls of the black apes who might try to interfere with our march into THEIR neighborhood.

The march will, in short, be a "Birmingham" -in reverse!

The only problem we have left is logistics.

Unless I can ORGANIZE these thousands of tough, White people, we will still have nothing but MOBS. In order to keep our march orderly and lawful, with such huge numbers over such a large area, (so the police can "take care of" black attackers and we won't all go to jail), we need "monitors", with helmets, boots, uniforms, armbands, etc. We need all the equipment to insure rapid and positive communication over the mile or so of the march, including Citizen's Band radio, walkie talkies, etc. We must give cohesion and a feeling of unity to all the participants.

Here's some of the vital things we must have to keep this march orderly and make it effective.

500 uniforms, boots, helmets and armbands for "monitors" to maintain order.
Radio command car, with Citizen's Band radio, plus substations and walkie-talkies.
10, 000 placards, "Back to Africa", "White Power", etc.
100, 000 printed sheetswith instructions, cautions about legality and order, etc.
chartered busses, travel expenses, etc.

All of this, with the other inevitable expenses of such a huge operation, will come to about $ 41, 000, minimum. (In case that sounds extravagant, the niggers spent over a million dollars on their Washington march alone).

When I first arrived at this sum here, the other officers shook their heads and said it would be impossible. "Can't be done" they said.

I believed differently. I have faith in our kind of people. I believe they will understand that once we have begun to win over the masses of Americans, as we have prayed and worked so hard to do all these years, we've got to "GO FOR BROKE"!

We have PROVED, by what we did in one small section, that we can now organize a MILLION people in Chicago, once we have the funds to work with. And surely, you don't need an electronic calculator to tell you the amount of support we can raise from such an unimaginably large group in just one city, even though they are mostly working people and poor people. They proved what they can and will do, in just three minutes, when they surrounded me and stuffed all those five hundred bills at me!

I know that every addressee has already performed financial miracles for the Party and our Cause. Now I must ask you to do it again, and I believe you WILL! I believe that you will agree with me that it would be wicked for us to ignore these many thousands of people given to us at last to lead, and to fail to do a GOOD JOB OF IT! We can not, we must not let this march turn into a rabble and a riot because we don't have the equipment and funds to maintain order and effectiveness!

What I am specifically worried about is lack of discipline and order. These people who will march behind me are TOUGH, --FIGHTERS from the streets of Chicago. They are itching to beat the niggers to death. If they cannot be controlled during the march, -if a brick flies and they start a fight, I will surely be accused of starting a riot at the very least, and spend years in prison, or more likely get killed. I'm not afraid to die for my people, but not uselessly, in a miserable mess caused by lack of preparation.

The ONLY way to maintain order and discipline is the same way its done in the army, by building and maintaining a strong feeling of group UNITY and loyalty. Most of the youth "gang" leaders are with us, including many with motorcylces. These extremely tough boys look up to me as a "great man" as many of them told me day before yesterday in Chicago. This gives me the strength to maintain command and order, providing I have the TOOLS such as radios, etc. Remember that these same lads have been beating and killing each other in the streets until I got them to see the insanity of fighting each other and managed to get them to unite against the common, black enemy. To teach these rowdy, tough fighting men to obey the law, respect police officers and maintain discipline and order even under nigger attack, --all in two weeks, --is going to take a miracle of leadership. I can do it, as I have all my life, -but I MUST have help, --uniforms, helmets, signs, symbols, radios, and the rest of the equipment which makes a living, disciplined ORGANISM out of a rabble.

We can't take advantage of this blessed opportunity with a few hundred or even a few thousand dollars. It will take a minimum of FORTY-ONE thousand dollars. You just can't pull off such a gigantic operation on guts and will as we have been doing, and you certainly can't save a whole Nation and eventually win the race war ahead with a few hundreds or thousands here and there.

I am now prepared to ask you, in good conscience, to do just as much for the White March on Chicago as you would if your wife, your mother or your kids were dying in the hospital. Because your race and your nation ARE dying. This march may cost me my life, -and I am glad and eager to risk that life for the tremendous power it will give our side at last! My willingness to risk my life gives me the clear conscience to ask you to GO THE LIMIT! And then more.

If I have managed to reach your heart with a clear understanding of the earth-shaking power which has at last been put in YOUR hands, you will be just as eager to find the BIG money we now must raise, as you would be if your kids were dying and you needed the money for the doctor.

I know there are some of us who can come up with five or ten thousand dollars. I also know there is NOBODY on our list who can't do <u>something significant</u>.

THIS IS IT! --this is the time for the White Man to start the march to POWER! We've already got it in Chicago, and the niggers will soon be marching into White neighborhoods everywhere. I have proved we know how to reach the hearts of the masses and organize them. We're ready to go to work, but we must have the funds to operate!

I have been warned by everybody that I will almost surely be shot, leading the march into the toughest black section of Chicago. Nobody can watch all the windows and rooftops, etc.

I am well aware of that.

But the very courage which impells me to march and lead my people at last also gives me the moral courage to push you to do YOUR share, --and the share of the "conservative" fakers who are too scared to do anything but talk and petition and go to meetings.

I am going to march in there September 10th, alone, or with thousands, rich, poor or in between.

But if you do your share, we will show the black scum and their Jew communist masters what WHITE POWER on the march looks like. With your help, there will be hundreds and hundreds of uniformed, booted, helmetted "monitors", flags, banners, "Back To Africa" signs by the thousands, squads of sharply uniformed motorcylce riders, radio command cars, organized singing and cheers and thousands and thousands of marching men.

If the blacks attack, the police will strew the streets with them. If police are overwhelmed, WE will pile up the coons like cord wood, which is our right of self-defense.

And if the blacks do NOT attack, as I expect, the morale of the black scum will be smashed by a White March into the heart of their territory, while White morale will soar into the skies. And the "stock" of the American Nazi Party will zoom up to produce a hundred more White marches and millions of new members and adherants. Now is the time to either organize and resist as the people of Chicago are ready to do, --or give up our country to niggers, scum, communists and Jews.

I repeat, THIS IS <u>IT!</u>

There are only about two weeks left before I march into that black stronghold leading thousands of the toughest White people in Chicago. (We had to set the time so soon because that's the only way to strike while the situation is "hot"!)

Please send $10,000, $5,000, $1,000 or whatever you would raise in a desperate emergency to save the life of your mother, your wife, your kids or other kinfolks.

That's exactly, precisely what you will be doing.

I'm DEPENDING on <u>YOU</u> in this God-given opportunity!

Lincoln Rockwell, Commander,
American Nazi Party.

IMPORTANT MESSAGE *FROM* COMMANDER ROCKWELL

The ONLY reason Martin Luther King keeps winning is because he **PUTS BLACK MOBS IN THE STREETS.** This threatens mob action and gives sell-out politicians like Daley the excuse to back down under threat of black riots.

Whites throwing rocks and bottles or even guns will never stop the politicians from selling you out to these black mobs.

Once you let the politicians pass "open-housing" laws and agreements, they will use the whole army to push dirty blacks into your neighborhood and turn it into another filthy, crime-ridden Negro slum!

Violence can't stop it!

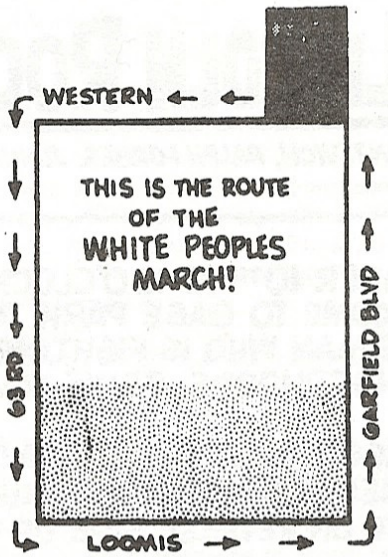
We can't fight the Army!

But you CAN stop them from destroying your White neighborhood!

All you have to do is show the White politicians that the WHITES are UNITED, -and ANGRY!

Politicians fear masses of angry voters. They will TREMBLE at the sight of thousands of Whites who are angry enough to come out and "demonstrate" against the black animals who are trying to turn Chicago into a deadly and filthy jungle!

We have just as much right as Martin Luther King to create a "crisis", and the way to do it is to have



a WHITE MARCH on the blacks who are causing all the trouble!

On Saturday, September 10th, there will be a GIANT, MASS RALLY of WHITE PEOPLE at 12, noon in GAGE PARK.

Then we will march on the blacks in THEIR neighborhood with masses of "Back To Africa" signs! Already more than 3,000 White Men and Women have pledged to be in Gage Park for the rally Saturday!

More than four hundred motorcycle riders have already pledged to cover the march and we expect we will have many more.

Our purpose is not to create violence. Our aim is to show Mayor Daley that WHITE CHICAGO IS FED UP WITH NEGRO HELL-RAISING: WHITE CHICAGO IS AT LAST UNITED: WHITE CHICAGO WILL NOT TOLERATE ANY INVASIONS OF WHITE NEIGHBORHOODS BY BLACK SCUM!

Remember, -the politicians will be watching Gage Park Saturday! If YOU do your part to turn out every White person you can, you're going to keep YOUR neighborhood WHITE! They won't pay any attention to prayers, petitions or even to rocks, bottles and bullets. But they will listen to the angry roar of ten or twenty thousand WHITE people massed in Gage Park, ready to march on the black hell-raisers!

COMMANDER'S SECOND REPORT ON CHICAGO

The events taking place here in Chicago, where I am dictating this, are almost unbelievable.

As you already probably know from the news report (except in some places where it was blacked out), I was arrested just as I started to lead the march into the nigger neighborhood in Chicago. Believe it or not, the arrest was for speaking in the park and soliciting funds, of which I wrote in the first Chicago report you have already received, where the police warned me to get a permit to speak next time, etc.! By a very "strange coincidence", the Jews put pressure on the Police Department here to get a warrant which was not executed until more than three weeks after the speech in Marquette Park for which I was arrested when trying to lead the march into the nigger neighborhood!

Previously, they had already banned me from speaking again in the parks, and my suit in Federal Court, during which I was unable to have an attorney and was opposed by more than 27 lawyers from the Jewish War Veterans, the Park Department, the City of Chicago, the State, and everybody else, was tossed out by the same Federal Judge who has regularly been ruling against me all during the past week.

(This is a little out of sequence, but I presume you also know about my arrest here by the Sheriff who had previously said he would arrest me on sight, and when the press asked him "On what charges?", he replied "I'll think of some!"--and he sure did. It took him almost seven hours from the time of my arrest until they finally charged me with "demanding" to be arrested, and "refusing to leave the premises until and unless arrested"!)

On the historic Saturday of September 10, we did succeed in marching into the nigger neighborhood, in spite of all the harassment and incredible persecutions, and even though I myself was arrested and dragged off. With your help, we were able to organize our people so effectively that even my arrest did not prevent the continuation of the march, under the able direction of the Senior Officer present, Captain Patler, and Lt. Vidnjevich (since promoted to Captain).

In spite of what you may have heard or read in the press, if you saw the TV pictures, you already know that we had over a thousand marchers, with many more accompanying us across the street whom the police would not allow into our line after the march started. (Believe it or not, many of the policemen were chanting "White Power!" as we marched along!) Our people behaved themselves with magnificent discipline and self-restraint, even when the niggers charged a few times, and the police duly beat them back. It's hard for me to put into words the disappointment I personally feel at being deprived of the privilege of marching in this great, historic occasion by the dastardly arrest arranged by the Jews.

Usually, it takes only a matter of an hour or so to get bailed out after such an arrest on a minor charge, but in this case nobody in the whole Police

Department could "find" the charges or warrant against me, until almost 8 o' clock at night, during all of which time, for about eight hours, the radio and TV here were blaring out that I was arrested and jailed indefinitely and that the rally at the Coliseum had been "called off". When the Jews were sure that this treatment would prevent the White people of Chicago from coming to the rally which they believed had been "called off", they then released me to go to the rally where there were only about 250 people in the enormous Coliseum we had rented at tremendous expense. (I expect a picture of this enormous hall, with the tiny little group clustered in the middle, and all the rest empty, to appear in national media.)

Monday morning I appeared in court on the charges of speaking and soliciting without a permit in the park, and the scene there was as near to a lynch mob as could happen in a modern city. Although I was arrested and held until late Saturday afternoon, and was on trial first thing Monday morning, it was all I could do to gain enough time to subpoena witnesses and try to obtain a lawyer (which I still haven't been able to do) because the prosecutor and the Jews kept hollering I was "stalling" and should be tried there and then. The object, of course, is to toss me into the same kind of dungeon they have here in Chicago like the "Tombs" in New York, where none of us will last more than an hour or so at the most. (They did manage to get Ralph Forbes, who could not win a continuance, was tried immediately, and was almost thrown into the "tank" with the savage Blacks, who were being agitated by Jewish guards, when we managed to bail him out in the nick of time with the help of some good people here in Chicago.)

I have next scheduled a march on a Jewish neighborhood to protest this sort of thing and their continued support and encouragement of the Communist civil rights revolution. So the Jews ran to the same Federal Judge who has been giving me a hard time all week demanding an injunction to stop us from doing anything at all during what they call their "High Holy Days".

Yesterday afternoon they held an unbelievable "hearing", during which all the evidence showed we would go nowhere near a synagogue, we would march only four blocks, our march would consist of only a few people accompanying me without uniforms and without swastikas, yet the Judge nevertheless decreed that this was "inciting to riot" and interfering with the religious liberty of these "Chosen People". The Jews got their injunction!

The word has gone out all over Chicago that any lawyer who takes our case will be black-balled, and we cannot even get the one or two lawyers who previously have been willing to handle our cases whenever we had the money.

Last night, without any formal request to be allowed to enter with warrants, etc., the police burst into our headquarters by force and seized the only three guns there, a small pistol and two rifles, which they took to police headquarters, gave receipts to the men they picked up, and then released the men. There is absolutely nothing illegal about them or what we are doing, but this is just one more sign of how terrific was the blow we struck against the Jews when we launched the swastika and the "White Power" movement here in Chicago and managed to march on a Negro section in spite of all they could do to harass and stop us!

I simply cannot tell you what a tremendous and historic event that march was!

You will have noticed that Senator Dirkson, from right here in Chicago, has taken a very strong stand against the civil rights bill in Congress, and I think your help in promoting this march, which clearly has the support of hundreds of thousands--if not millions--of people here in Chicago, had much to do with this sudden change in the stand of professional politicians who heretofore have been 1000% pro-Black.

As I dictate this, I am facing six criminal charges in two criminal courts of the City of Chicago, Cook County, plus the suit against me by the Jewish War Veterans to get a permanent injunction against us and all of our operations.

As with the case in New York, I am more concerned and worried about survival on the possibility of being jailed here with these thousands of savage Blacks on the criminal charges, than I am of losing the suit to the Jewish War Veterans. In that case the Civil Liberties Union gave us legal aid--for obvious reasons. (If the courts can stop us with such an outrageous injunction, they can also stop the Balcks, Jews, Communists and anybody else. In fact, I am going to file a suit before the same Judge demanding an injunction against the Communist Party, which operates openly here in Chicago without any harassment from Jews. It will be fun to see the Judge trying to grant the injunction against us at the same time he refuses to do anything about the Communists. This will really put him on the horns of a dilemma and perhaps get the hebes thrown out of court!

There is much, much more to write, but I must rush into the courts this morning to get subpoenas against more than 18 witnesses here to be ready to fight Monday morning without an attorney in two more of these lynch mob scenes in the Chicago courts--and I expect I will have to fight every inch of the way even to get witnesses.

We are going to start a "Rockwell Defense Fund" here in Chicago, which I think is still legal even under the injunction, and I think we can get a great many Chicagoans to help with this battle now that we have such a good start on organizing the Whites here in Chicago.

But, as usual, we still need all the help we can get. Every penny--every dollar--counts. We pulled off a miracle with the march, in which we had less than $4500 to work with, and still maintained order and had a successful march. Because of my arrest, and the broadcasts that the rally in the Coliseum was off, we lost about $1200 on that operation--much to the delight of the Jews, Commies, race-mixers and other scum seeking to deprive us of not only Constitutional but any rights at all.

Now I will need at least $1200 to stay out of the Black, hell-hole jail here in Chicago after what I am sure will be kangaroo trials.

I am truly embarrassed to ask you for one cent after all you and our dedicated supporters have already done, but we are not fighting now a defensive battle, but a battle to exploit the tremendous advantage we have won--to survive and organize the thousands and thousands of good people who are with us heart and soul here in Chicago. Martin Luther Coon got his big start in the Montgomery bus strike, and used that to launch his movement. The Chicago march into the nigger neighborhood was the White Man's "Montgomery bus strike"! We are on the way at last! But I've got to survive, stay out of jail, and win back the right to speak and organize here to exploit the tremendous victories we are winning here.

Therefore, I appeal to you for whatever help you can contribute after what you have already done.

Regardless of whether or not you were able to help with the march or with this defense fund appeal, I am grateful to all of you who have stuck with us through the years and made these tremendous victories here in Chicago possible.

COMMANDER'S THIRD SPECIAL REPORT ON CHICAGO

Would you believe that any court in the United States would ever ban anybody from holding private meetings, and from using the United States mails?

Rather than tell you just how far things have gone, let me show you!

Here's a photographic reproduction of a Restraining Order demanded by the Jew War Veterans actually o. k. 'd by United States Federal Court Judge Joseph Sam Perry in Chicago, Illinois against the American Nazi Party! (See Exhibit A)

And take a look at what they demanded I bring into court under subpoena! (See Exhibit B)

I have been fighting this case all alone, without an attorney, now, for more than two months. The ACLU, which often takes our cases because they cannot permit court decisions to stand which could then be used to stop Communist, nigger and Jew hell-raising, won't take this one! The ACLU has lost thousands and thousands of members (mostly Jews) because of defending us Nazis.

The Jews ask the ACLU, "Would you have defended Hitler's 'right to speak' ?" And the ACLU has a hard time answering these Jew supporters.

So the ACLU has come into the case as "friend of the court". But I have to do all the running to court, a thousand miles away in Chicago, and all the writing of legal papers, etc., a full time job.

Do I need to tell any of our "inner circle" of people, the people who have made possible all we have done to establish "White Power" as the wave of the future in America, that we simply cannot lose this appeal? If the Jews can get an injunction against us--as they have--then it means the end for all criticism of Jews anywhere.

Once they have found the formula for finishing off anti-Jewish critics and sending them to prison, that same formula will be applied to all anti-Jewish organizations and all anti-Jewish leaders--to YOU, too.

We simply must win the appeal, and can. The Appeals Court consists mostly of honest Americans appointed many years before all the rotten, Jewish and Communist and Negro scum began to filter onto our highest benches.

Perhaps an even more important reason we must win this appeal is next summer. In fact, next summer is the main reason the Jews got this vile injunction. We have already won tens of thousands of good people in Chicago whom we were organizing as a support group when the Jews hit us with this "legal" skulduggery. Next spring, as soon as the weather warms up enough for the spawn of the jungle to swarm in the streets again, there will be unheard-of battles in Chicago, and unheard-of victories for the cause of the White Man. For us to fight as we did last summer we must beat this injunction.

But to do it will take many trips to Chicago and much paper work, much legal cost, even with me doing my own law work (against as many as twenty-three Jew lawyers who faced me in court, one day, by the way!).

If we are to be able to fight (even without an attorney representing us), we MUST have at least enough money to travel to Chicago and back when they call hearings.

Need I press the point?

I think every one of you, the few who will get this "inner circle" letter, knows that I will fight and win, no matter what! Those Jews will not whip us in Chicago!

But I need HELP! I need at least the money to get to Chicago and back. Each trip costs a bare minimum of a hundred and fifty dollars. We don't have it--especially during the winter season!

(Thank God I can tell you that we will be off the worst of the financial horrors right after the Christmas and New Year's "doldrums". I presently have all-expenses-paid speaking engagements at the University of Washington, Washington State University, Eastern Washington State College, Washington State College at Bellingham, Central Washington State College, State University of New York, College Forum in Columbus, Ohio, American University in Washington, D. C., University of Georgia, Lawrence University in Wisconsin, Drake University in Iowa, Rhode Island College, Iowa State University, Bowling Green University in Ohio, Lebanon Valley College in Pennsylvania, University of Minnesota, and radio and television appearances from Portland, Maine to Santa Fe, New Mexico. Right after I mail this letter to you, I am speaking at Western Maryland University and then my own college, Brown University in Providence, Rhode Island. We are winning more and more of the youth at these college speeches in spite of all the hell the Jews pull off trying to stop us.)

But in the present emergency, when income here in Arlington has dropped almost to zero, I must once again turn to the faithful few who have always pulled the miracles out of the hat. (A standard of performance which is "normal" in the fight for our White, Christian Republic.)

High noon, September 10th, 1966. The Great White March leaves Gage Park bound for Chicago's Negro district.

Deputy Clerk

I must ask YOU to do all you can, immediately.

The next trip to Chicago is January 30, when I also face a criminal trial, in which the Sheriff and his Jew aides, Goldberg, Finkbinder, Singer and Holzer are trying to dump me in jail for a year and-a-half. (And, incidentally, thanks to the White "backlash", Jew "Republican" Holzer, one of the chief witnesses against me, has just been elected a JUDGE of the very court which will try me!)

Before that session of court, we must pay for a transcript of a court record longer than 400 pages! I am filing a petition with the court as a "pauper", since we simply cannot raise the money for the enormous deposits, in addition to travel, transcripts, etc. But travel and documents we must pay for!

In the next ten days, I MUST raise at least $1,200!

I frankly don't see how we can do it, because I know every recipient of this letter has already done his utmost to make possible the miracle we pulled off in Chicago.

I only know we've GOT to do it!

I can only ask you to fight--to win this all-important appeal.

And I know every person in our inner circle is a fighter, or you would long ago have fallen by the wayside, as have so many of faint heart and little vision.

PLEASE RESPOND WITH ALL THE HELP YOU CAN SO I CAN PUT UP A FIGHT THEY WON'T FORGET!

Your reward will be not only the tossing of this vile Jew injunction in the garbage can, as a warning to all other such arrogant Jews, but I have something to share with you on a confidential basis.

This letter goes to so few people, all of whom have proven their loyalty, that I can tell you I have in my possession one of the most astounding documents ever to come from the fight to save ourselves from the Jews! (You would never believe it if I told you how we got this document!) The reason my possession of it must remain confidential is that they have already put me on the stand in Chicago and tried to force me to "squeal" on all our supporters--on YOU! I risked contempt and refused. With the Jews fuming around like wild men, and me holding my breath, the judge finally upheld me. Next trip up there, I feel sure they would go at me again if they knew I had this, to find out how we GOT it!

This secret document is the private publication of RAM--Revolutionary Action Movement--the gang based in Red Cuba, led by Robert Williams, the bearded killer-nigger who puts out the "Crusader", and goes into all their

battle plans for the violent destruction of America! It is unbelievable, incredible! I still don't know how to use it without compromising the official source which helped us obtain it!

This is the publication of the filthy swine who were going to blow up the Washington Monument and the Statue of Liberty.

It praises the Mau Mau and gives their plans for an American Mau Mau!

It's not just talk. They are already doing exactly what is contained in this unbelievable booklet! With this fantastic document, you will know what to expect, and what to look out for!

Our copy is "Xeroxed", and not too pretty. But it's readable.

It definitely is not "for sale".

But I've got to raise considerable money, right at Christmas time when everybody is already pushed and preoccupied, the way the Jews have commercialized our Christmas. So I know I'm going to need something pretty powerful to produce the "ammunition" this time.

I'm going to offer a complete copy of this unspeakable thing to every member of the inner circle who pledges to keep the document private and confidential (to protect our source), and who contributes at least $ 20.

Twenty dollars is a relatively small amount to pay for the pleasure you will get out of hearing the news that this Jew injunction has been tossed in the garbage, and that the Jews who got it will be howling in agony. (The head Jew who got the injunction, the head of the Jew War Veterans, Sam Perlman, who has spent the last five years of his life trying to get us persecuted in Chicago, dropped dead right after getting this injunction. Don't tell ME there isn't Divine Help in this battle!)

Please put at LEAST a twenty into the enclosed envelope NOW, before you forget in all the excitement of the commercialized Christmas rush, and mail it right away!

I've learned to trust our "inner circle" so much that I've "gambled" two 8¢ airmail stamps on each one of our good fighters.

Seems like an inappropriate way to end this letter, but we can't afford to let these vile Jews and Reds destroy our lives any more than they already have, so,

MERRY CHRISTMAS!

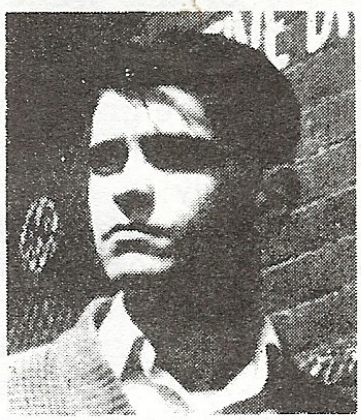
WHITE LEADERS WARN:

WHITE PEOPLE MUST GET READY FOR NEXT SUMMER!

CHRIS VIDNJEVICH
CHICAGO LEADER

COMMANDER ROCKWELL
PARTY LEADER



JOHN PATLER
ORGANIZER

Last summer, the Negro slum marchers and trouble makers got a taste of their own medicine. For the first time since the Negroes began marching, White people stopped running, stood up and started fighting back.

It all started when ex-U.S. Navy fighter pilot, Commander George Lincoln Rockwell, appeared on CBS-TV to debate black power advocate, Stokeley Carmichael. Commander Rockwell gave Carmichael a good beating. Next, the Negroes began marching into White neighborhoods. That's when the White people reacted in self-defense and fought back.

Remember Marquette Park? Gage Park? The White people's march into a Negro neighborhood? It all happened in Chicago. The White people of Chicago showed the rest of the nation what could be done if we only would stand up and fight back. White people of Chicago set an example for all other White people in the rest of the country to follow.

Because White people stood up and fought back, we were able to teach the sell-out politicians a lesson.

Politicians want to stay in office. The only thing they respect is power and action, not words. And when White people in Chicago stood up and showed the politicians some White power, things began to change! The politicians in Illinois and in Washington, D.C. smelled what was in the air. They got the message! Because White people are the majority in this country with a majority of the vote, the politicians were forced to do something in order to prevent the loss of White votes which they needed for election.

Demonstrations of White power, by millions of angry White people

ready to fight back, put pressure on the politicians and the Civil Rights bill of 1966 was defeated. Many other steps were taken to curb Negro trouble makers like the action against Adam Clayton Powell, to satisfy and calm down angry White people.

And it all started here in Chicago!

In order to keep things moving in the right direction so that the politicians will continue working for the interests of the White people, who are the majority, we must work hard to organize ourselves into a powerful White pressure group. Whenever the Negroes begin any more trouble, we must be ready to act! We must be ready and organized to go out into the streets with thousands of White people. We must be ready to go into the courts with lawyers to defeat any attempt to turn White neighborhoods into slums. We must organize bail bond committees to free young men and women who are arrested while defending White communities from Negro slum marchers. We must work hard to organize every White man and woman to oppose the communistic black revolution that is trying to destroy our cities with riots and marches. We must also organize to elect men to office who will work for the interests of the White people.

All of this takes hard work and money. If you cannot help with your time, you can help with a few dollars. Every penny will count in the fight against the Negro trouble makers who want to destroy our homes and communities and turn them into black slums.

In the next few weeks, our representatives will be visiting your neighborhood. We need your help to stop the "black revolution". Our young men will answer questions, set up meetings to help you organize to fight back legally. Every White man and woman must do his or her part to help defeat all attempts to turn White neighborhoods into black slums.

Please help! Contribute all that you can spare! Our representatives will be in your neighborhood during the next two weeks.

Editor's Note

We have held faithfully to complete authenticity in the story of the Great White March. Not a word has been changed. However the former A.N.P. headquarters in Chicago on Ohio St. no longer exists and has not for nearly ten years.

But if the urgency and importance of Cmdr. Rockwell's appeals have in any way reached your sense of duty to your Race, then the N.S.M. carries on this same fight today. Your help to us now will mean as much as their help to Rockwell then.

National Socialist Movement

Message from the N.S.M. Chairman

"THE YEAR OF THE NAZIS"

It has been one year since I last reported to you a summary of the National Socialist Movement at year's end in our only publication at that time, the National Socialist Bulletin in it's old format. This new magazine permits me more space to go into detail.

Last year was one hell of a year for the N.S.M. In fact you might call it very well the "Year of the Nazis". It is interesting to note that after two hundred years as a nation, the most significant and often repeated of stories by the news media in 1977 were the activities of the American Nazis. These appeared every week and, sometimes, were carried fourteen days straight.

The press - as usual not objective or neutral - took two approaches in their presentation of this phenomenon. Of course one was to belittle and demean this small group of radicals and misfits. The other was to spread alarm at the growing danger of the deplorable rise of Nazism in the United States.

The start of last year saw the N.S.M. looking forward to a gathering of various other Nazi groups that had pledged to co-operate and meet regularly to formulate plans of action. All organizations were to be recognized as equals and as comrades in the common fight. Come the February meeting however three individuals conspired to try and not only dominate the new gathering but to show the audacity to declare themselves as the "leaders" and that the rules and regulations they put forth were the "law". These shenanigans spelled the end of the first attempt of the different Nazi organizations to combine efforts against the common enemy as well as the actual dissolution of what had been called an "NS Congress".

I should add that a portion of what was left of this former alliance did recently meet in the State of Texas in an attempt to breath life back into the notion of an "NS Congress" but the gathering proved to be a dismal failure for they were whipping a dead horse.

The N.S.M., on the other hand, has succeeded in striking out in new directions toward genuine Racial Nationalist unity and some of the numerous meetings held over the past year toward this end are worth mentioning here.

The Buffalo, N.Y., meeting with our fine comrades of the Knights of the Ku Klux Klan; The meeting in Washington & Arlington with old time comrades of George Lincoln Rockwell; The Cincinnati congress of the July 4th weekend that resulted in the new format of the NS Bulletin and the reinstitution of the NS Magazine you are now holding. It was also a time when true NS organizations were able to discuss ways and means of helping one another without interference by op-

portunists. And out of these talks came the new magazine of the N.S.W.W.P., the Stormer.

Later in the year was the N.S.M. Unit Leaders' meeting held at the new Detroit, Mi., headquarters building which had special meaning to NS old-timers as Detroit had been the site years back of an earlier, similar meeting. From that meeting came the leaders of today.. including KKK leaders. And from our meeting came the leaders of tomorrow!

What has proven to be a fact over the years is that the Nazi movement is the producer of leaders. One of the most notable examples is David Duke who now leads the strongest and most positive-minded KKK group in America. His training, indoctrination and know-how stem from his early days with the Nazi movement.

Most recently another meeting of importance was the Third Annual Convention of the White Confederacy held in Columbus, Ohio. This meeting sewed up the statutes and regulations concerning the methods of co-operation between all the member organizations.

The White Confederacy is at present the group most feared by the international Zionist Jews because it is an international anti-Zionist organization. The WC is a big plus for our side as it tears apart the old media axiom that the U.S. Right Wing is too stupid and does not know how to co-operate and co-ordinate with it's own.

Membership in all organizations - friend and foe - during 1977 no doubt doubled. The so-called "awareness" of the masses seems to have been stimulated finally and our message is finally beginning to sink into the cabbage-heads.

The White Man has begun to understand that he cannot be neutral. There is no such thing as neutral ground, neutral feelings or neutral thoughts. Those that are too weak to take a stand are too weak to survive and they offer nothing to a positive solution of the problem. In essence, they are a part of the problem and will not be left out when accounts come due.

As a final note in my recounting of 1977's accomplishments for the N.S.M., it is interesting to note that - of ALL the many and various Nazi publications - only OUR publications are being rigidly and fanatically denied to our comrades in the prison populations. We have succeeded in gaining the position of being the Nazi group MOST FEARED by the Jew-Capitalist System. We know we mean business and are under no controls. Apparently, so do they. The only failing we've had this past year is in the so far inability to smash this barrier of illegal and wanton prison censorship. Our attorneys and the A.C.L.U. say their hands are tied until word comes down on the appeals. 1978 will see these petty prison tyrants humbled.

All real revolutionaries and Nazi comrades have every reason to be optimistic about the future. The population has lost confidence and respect for this criminal regime in Washington and even in the labor union movement.

Gad! You say. "Just like the 1920s when Adolf Hitler started his rise to power!" Not quite yet... but those days are right around the corner.
